Portugal 'Pirates' Seeking Port To Drop Passengers

Rebel Leader Ignores Navy Plea To Turn Back, Says Angola Goal

SAN JUAN, Puerto Rico (AP)—Saying they will never surrender, Portuguese rebels sailed the seized liner Santa Maria today toward some "neutral" port to discharge 650 passengers held hostage for five days.

Rebel Capt. Henrique Galvao ignored a U.S. Navy plea to turn back to South America to unload the passengers, including 38 Americans.

"Request you proceed any port northern South America you choose to discharge passengers," radioed Adm. Robert L. Dennison, commander in chief of the U.S. Atlantic Fleet. "Please advise port selected and time of arrival. Will attempt to arrange conference aboard Santa Maria as you request." The Navy said the message was sent last night and there has been no reply.

A Navy patrol plane reported at midmorning it had picked up the Santa Maria 700 miles northeast of the mouth of the Amazon River still steaming toward the Portuguese colony of Angola in Africa.

Galvao had announced Angola was his destination. But it appeared more likely he might head for Ghana or Guinea, where he could expect a welcome as a foe of Portugal's Premier Antonio do Oliveira Salazar.

In a message earlier in the day, Galvao reiterated he would brook no foreign interference.

"We consider the ship the first liberated piece of Portuguese territory," Galvao messaged.

"We will never surrender or stop in face of all the fleets of the world."

Galvao said he was seeking a "neutral port" to discharge his passengers without being captured.

While the United States and Britain sent warships and planes to join in the chase, neither was willing to use force to stop the flight of the 20,906-ton liner.

Galvao had most to fear from Salazar's navy, which was deploying units to head off the Santa Maria.

Mill Valleyan's Mother, 71, On Hijacked Vessel

"Saturday, the ship will be at Willemstad, Curacao. After a little shopping, I stay on board."

So wrote Mrs. A. L. Chubb, 71-year-old Pasadena widow, to her daughter, Mrs. John T. Broman of 272 Buena Vista Avenue, Mill Valley.

Mrs. Chubb little knew how well she forecast.

LETTER AIRMAILED

The ship on which she wrote the letter is the Portuguese cruise ship Santa Maria. It was hijacked on the high seas after clearing Willemstad, when the captain refused demands of Henrique Galvao that he sail direct from Curacao (a Dutch colony in the West Indies) to Portugal.

Mrs. Chubb's letter was airmailed last Friday from La Guaira, Venezuela. The ship stopped at Willemstad the next day.

It was there that the last of 70 pirates—Galvao's men planning the overthrow of Portuguese Dictator Antonio de Oliviera Salazar — boarded the Santa Maria.

Mrs. Chubb is still on board. A sister in Pasadena telephoned Mrs. Broman that her mother had sent a radiogram advising she was on the ship and was well.

EMIGRANTS ABOARD

Some of the comments on what she saw in Portugal indicated Mrs. Chubb might have some sympathy for pirate Galvao's aims.

"There are 300 Portuguese emigrants on board going to Venezuela. One young Portuguese aboard tells us that thousands go each year to Venezuela," she wrote.

"There are no jobs at home for most. Pay is pitifully little if work is to be had. In Venezuela, with U.S. money about, they earn much more."

LAW TO RAISE DRIVER AGE SOUGHT AGAIN

SACRAMENTO (AP)—Legislation raising the minimum age for drivers licenses from 16 to 18 except in the case of school-trained drivers was introduced in the Assembly today.

Assembly Clark L. Bradley (R-San Jose), author of a similar bill which was defeated two years ago, introduced the measure.

The bill would permit only those 16 and 17-year-olds who complete driver training in a public or state-licensed driving school to qualify for licenses.

The Department of Motor Vehicles would be empowered to revoke the licenses of drivers under 18 for any moving violation.

Storm Delays Return Of 2 Freed Airmen

WASHINGTON (AP) — Bad weather today interrupted the flight home of the two American fliers released by the Soviet Union. But they are expected here tomorrow afternoon for a reunion with their wives and a personal welcome from President John F. Kennedy.

The White House announced today that Kennedy would go to nearby Andrews Air Force Base, Md., to greet Capts. Freeman B. Olmstead and John R. McKone, the known survivors of a U.S. RB-47 reconnaissance plane the Russians shot down over the Barents Sea last July 1. There were six men aboard the plane.

Kennedy announced at his televised news conference last night that the Russians at last had agreed to release the fliers.

(See story on Page 2.)

Olmstead and McKone had already begun their flights from Russia and at 8:35 a.m. EST their plane landed at Goose Bay, Labrador. There, a decision was made to stay overnight because of poor flying weather. A snowstorm had hit Washington, and there were doubts they could land here.

GRAND GOBBLEDYGOOK

School Lingo Sparks 'Translation' Contest

Dichotomous, unstructured modification factors as they relate to horizontal enrichment, realia, unsecured roles and principal apportionment constitute a grave problem facing Marin County educators.

So grave a problem, in fact, that a custom-made red pencil box is being offered as the grand prize in a contest to decide what they all mean.

Writing in the current issue of Marin County Schools Reporter, Supt. Virgil S. Hollis says the "educational trade terms" are identical in character to Madison Avenue trade terms. "They may have special meaning for us," Hollis says, "but may mean absolutely nothing to others."

"Who, outside of Madison Avenue, knows the meaning of 'let's run it up the flagpole and see who salutes it?'" Hollis asks.

Other terms, for which English translations are needed, are:

Ambivalence, ADA, equalization aid, unification, unionization, abatement, point of reference, Title V, A-V delivery, special ed., consultant and assessed valuation.

Some translations already submitted by school people in Marin include:

Dichotomous: "Fine, now take him out of the trap and reset it."

Unstructured: "Miss 32-32-32!"

Equalization aid: "Who's equal—we all need aid!"

Assessed valuation: "No, I don't think this paper is worth a 'B'."

Modification factor: "Then, if your father did the work, I think he should get the grade."

The contest, open to all Marin County teachers, administrators, trustees and related committee members, closes at midnight, Feb. 5. Questionnaires may be obtained from the County Superintendent of Schools, 317 Fourth Street, San Rafael.

Judging the contest will be Wat Takeshita, Independent-Journal reporter, and Kitty Oppenheimer of radio station KTIM.

Tiburon Seeks Fund To Study Incorporation

Coordinating Group Rips Supervisors As Drive Launched

By DEEDEE ABRAMSON

Shouting "preserve the status quo" and castigating Southern Marin Supervisor J. Walter Blair, the Tiburon Peninsula Coordinating Council last night unanimously launched a fund-raising drive to pay for a professional study on incorporation of the area.

"We must protect what we have . . . not what we do not want," former chairman Gilbert B. Darroch urged. "We cannot expect the same vigilance from the supervisors that we have had . . . This board is not beneficial to the Tiburon Peninsula."

UNANIMOUS VOTE

The council voted 17-0 in favor of proceeding with the study. Only three of the 20 association memberships were absent.

Strawberry announced its firm intention to join in the incorporation movement in a plea by Strawberry Recreation District member Stephen H. Kaufmann.

"Four out of five supervisors can do what they damn well please and they are . . . This is irresponsible government," declared Kaufmann. He said Strawberry "has an ax to grind in the proposed tower apartment development in the area."

'WANT CONTROL'

He added: "We have hauled down and burned the 'don't tread on me flag' . . . Strawberry residents are willing to pay higher taxes to keep the peninsula as it is."

Council president Dick De Berry said the incorporation movement was started because "we want control to preserve the status quo, not to save taxes or improve services . . . this is a revolt against commercialism."

In a poll of the 40 persons, $600 was pledged as a start toward the approximately $1,900 needed for the incorporation study of the entire Tiburon Peninsula from Highway 101 out to Angel Island with the alternate possibility of annexation to Belvedere.

COULD RAISE $250

Two associations, the Tiburon Property Owners Assn. and Belveron Property Owners Assn., put strings on their pledges. The Tiburon group's $300 must be used within 30 days and include a boundary study of the area. Belveron's $50 was pledged with a stipulation that all of the Tiburon Peninsula must be studied.

Developer Harold B. Reid said he could raise $250 "with no strings attached."

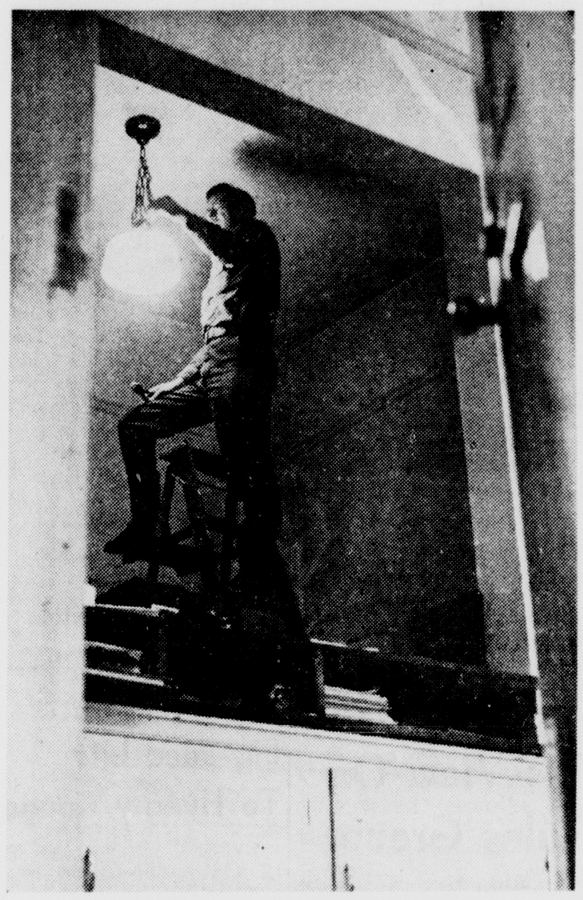

William H. Rafter said County Planning Director Mary Summers has volunteered to assist a committee in

$4 Million State Loan Asked In Dixie District

LARKSPUR BRIGHTENS UP

Street Supt. Warren Mistron checks light fixture in Larkspur City Hall as part of a general cleanup, remodeling and painting job of city offices. A new asphalt tile floor will also be installed. City hall business offices will remain closed until Monday. The police department is scheduled to move into larger quarters at rear of business office. City employees are doing the work voluntarily, on their own time. (Independent-Journal photo)

Vote Sought On Plan To Build 3 Schools

Dixie School District voters will be asked to approve on April 18 borrowing up to four million dollars from the state to build three complete new schools and additions to four others.

Trustees of the district voted unanimously last night to place the proposal on the ballot for the April trustee election. Two-thirds approval by those voting will be necessary to authorize the borrowing.

The district is already at its legal bonding capacity, so all the money must be borrowed from the state. Supt. Dennie B. Willis emphasized that under the state loan plan, the district's total tax rate cannot be increased by the additional borrowing — which will merely extend the term of its indebtedness.

18 CLASSROOMS

With the four million dollars, the district proposes to build:

An 18-classroom, two-kindergarten schools on the "Terra Linda Valley" site, directly south of Terra Linda High School $700,000.

A 14-classroom school (including four special classrooms) with administration quarters and library on a site in Marinwood which must yet be purchased—$600,000. (Funds to purchase this site would be borrowed from the state under a previous loan authorization).

Another school in Lucas Valley on a site yet to be purchased, with 12 classrooms, two kindergarten rooms, administration quarters and library—$550,000 for buildings, $100,000 for site.

PRESENT SCHOOLS

Added to present schools would be:

At Lucas Valley School: eight classrooms and two kindergartens—$350,000.

At Don Timoteo School: 16 classrooms—$400,000.

At Vallecita School: 10 classrooms and multi-use room—$370,000.

In addition, two more school sites would be purchased, with cost estimate at $200,000.

The four-million-dollar authorization would provide about

Storm Brings Two Inches Of Rain To County

Most of Marin County received around two inches of rain overnight and reservoir storage stood today well over the levels of this time last year, with about four billion gallons impounded.

Prospects were for rain through tonight tapering off into showers tomorrow, said the Weather Bureau. A series of other Pacific storm fronts moving landward gave promise of wet times to come.

RAINFALL FIGURES

Woodacre registered a fall of 2.87 inches for the 24 hours ending at 9 a.m. today. San Rafael had 2.65 up to noon, which brought the total for the season to 12.96—still below the 14.65 that had fallen on this date last year, and still farther under the seasonal average of 19.81.

But up where the rainfall counted for storage in Marin Municipal Water District reservoirs, the overnight fall was reported from 2.05 to 2.83 inches. This meant a gain of about 150 million gallons since yesterday to a total of about four billion excluding the new Nicasio reservoir, which had acquired about 300 million gallons up to yesterday and was believed today to have perhaps 500 million.

HIGHER THIS YEAR

Although last year's highest point was 8.4 billion total for all reservoirs and the present levels seemed only about half this, district officials said the figure was higher than at this time last year with prospects of considerably higher storage for the season due to addition of Nicasio.

Other rainfall reports included:

Sausalito 1.90 inch, Larkspur 2.05 for 24 hours to 7 a.m., Tamalpais Valley and Santa Venetia both 1.75, Mill Valley 1.76, Muir Woods 1.84.

Water Board Approves New $789,000 Building

Picture on page 10

Plans and specifications for a $789,000 Marin Municipal Water District administration building in Corte Madera were approved unanimously by the board of directors last night.

The modern one-story brick and glass building, to be erected on the Nellen Avenue frontage road next to McGraw-Hill Book Publishing Co., will replace the 37-year-old water district offices in San Rafael.

The board also authorized architects Crawford and Banning of San Rafael to call for bids to be opened on March 8.

Construction is expected to be completed the spring of 1962.

William R. Seeger, general manager of the water district, said the old office building on Fourth Street has been overcrowded for at least 10 years. It contains some 70 office workers.

The new office building, located on a three and one-quarter acre site in Fifer Industrial Park, will contain approximately 30,000 square feet of floor space. It will house 100 rooms for the offices of the administrative, engineering and accounting departments plus the water district laboratories. The lot reaches from Nellen Avenue to Tamal Vista Road.

Seeger said the district plans to move the corporation yard from San Rafael to five acres owned by the district on the west side of Tamal Vista within the next two or three years.

Approximately $450,000 is available for financing of the new administration building from a $12,500,000 bond issue passed in 1956. The rest of the cost will be paid by the sale of the old office building and the Fourth Street property, Seeger said. The property is being appraised, he added.

BIG COMPUTER

Univac Will Aid MMWD Bookkeepers

A gigantic Univac machine which will compute Marin Municipal Water District bills, paychacks and inventory will be installed in the new water district administration building to be constructed in Corte Madera.

The district board of directors approved a contract with Remington Rand Co. last night to lease the machine at $1,000 a month when the new building is completed in the spring of 1962.

B. J. Brusatori, secretary of the district, said Univac will be able to handle another 20,000 consumers without expansion. This will take care of the district's needs for about eight or nine years, he estimated.

He said the district's present billing machines are at least 13 years old and are almost worn out. The water district currently has about 40,000 consumers.

Plane Bearing 23 Vanishes Over Atlantic

ARGENTIA, Newfoundland (AP)—A U. S. military transport plane disappeared today near the southeast tip of Newfoundland. Canadian and U. S. planes and ships began a search of the frigid waters.

A spokesman at McGuire Air Force Base in New Jersey said there were 23 persons—10 Navy crewmen and 13 passengers—on the four-engine Military Air Transport Service C-118. It was on a flight from Port Lyautey, Morocco, to Norfolk, Va., via the Azores and Argentia.

The last word from the missing aircraft was a radio message to air traffic control at Gander, Newfoundland. The pilot reported he was 455 miles southeast of Argentia. There was no mention of trouble.

The C-118 left Lajes in the Azores last night. Royal Canadian Air Force search headquarters said it was due at Argentia at 6:37 a.m.

Kennedy Breaks News Of Airmen's Release From Soviet

WASHINGTON (AP) — President John F. Kennedy announced with dramatic impact last night that the Soviet Union has freed two crewmen of a U.S. reconnaissance plane the Soviets shot down over Arctic waters last July 1.

Kennedy calmly made the electrifying disclosure at his first news conference as president. He also announced he was continuing the ban on U.S. espionage fights over Soviet territory.

Kennedy hailed release of the airmen as amounting to removal of "a serious obstacle to improvement of Soviet-American relations."

The Soviet government called it a reflection of a serious desire to open a new stage in relations — gravely strained since last spring—between the two powers.

Kennedy said in response to questions that this country made no concessions to the Kremlin to win release of the fliers—Capt. Freeman B. Olmstead of Elmira, N.Y., and Capt. John R. McKone of Topeka, Kan.

The president reported the men were turned loose at 2 a.m. EST yesterday and were en route back to the United States.

At his news conference, broadcast nationwide on live television and radio, Kennedy was not asked whether the United States or the Soviet Union had taken the initiative toward release of the fliers whose downed plane was an Air Force RB-47. And the president did not reply directly to a question on whether the release resulted from some action he took.

After the conference there were conflicting versions.

An official in close touch with Kennedy reported that Soviet Premier Nikita Khrushchev first brought up the matter when he called U.S. Ambassador Llewellyn E. Thompson to the Kremlin last Saturday.

At the State Department, however, top officials said they understood that Thompson — acting on instructions from Kennedy — took the initiative regarding release of the airmen during that same meeting with Khrushchev.

Kennedy, wearing a dark plue pin-striped suit, was a completely unruffled master of the situation during the entire 36½-minutes of his first meeting with newsmen since he took office last Friday.

The questions brought these replies on these topics:

Spy Flights — The president said he has ordered continuance of the ban on American espionage flights over Soviet territory. The ban was put into effect last May by President Eisenhower after the Khrushchev furore over the U-2 episode.

Nuclear talks—Kennedy volunteered that his administration has requested "more time to prepare a clear American position" before resumption at Geneva of negotiations on an atomic test ban. The talks among American, Soviet and British officials have been scheduled to start again Feb. 7. Kennedy is seeking a postponement until late March.

Dependents overseas—As for the Eisenhower order cutting back the number of service and civilian family members stationed abroad in a move to reduce the gold flow, Kennedy said he and key aides will decide soon "whether a more satisfactory method of protecting our gold could be secured than providing for the return of Americans serving abroad in the military."

Cuba—"We have no plan at present," said Kennedy, "to resume diplomatic relations with Cuba."

Summit conference—Kennedy said nothing to slam the door against the possibility of his meeting with Khrushchev. But the president said "there has been no change in my previous statement that there are no plans at the present time" for such a conference.

Budget — Kennedy doesn't know yet whether his administration will be able to live within the Eisenhower regime's 80.9-billion-dollar spending budget for the fiscal year starting July 1. "We have not finished our study," he said.

On successful completion of the course, each student will receive a basic small boat seamanship certificate issued by the Coast Guard.

President Serious Man At News Conference

By RELMAN MORIN

WASHINGTON (AP) — President John F. Kennedy has been in office only six days but the crushing problems and mighty responsibilities of it already have stamped him in manner and appearance.

He was a deeply serious man yesterday in his first presidential news conference.

He listened intently, with total concentration, to the questions. Sometimes, he looked a little wary. Once or twice, a slight frown notched his forehead between his eyes. He spoke more slowly than usual, carefully choosing his words. He smiled only once.

This first news conference also was history's first live-televised presidential question and answer session. President Eisenhower held one in San Francisco prior to the 1956 Republican convention, but it was about politics, not the problems of government.

The meeting was broadcast live by all major American TV and radio networks, by the British Broadcasting Corp., to Britain, and the U.S. Information Agency recorded it and beamed it abroad later.

Kennedy Tells His View On Rules Group

WASHINGTON (AP) — President John F. Kennedy, speaking as an "interested citizen," wants the House to enlarge its Rules Committee to break a bottleneck threatening his program.

The president told a news conference last night—his first—that he wouldn't for the world interfere in the constitutional process by which both houses of Congress fix their own rules.

"But it is no secret," he said, "that I would strongly believe that the members of the House should have an opportunity to vote themselves on the programs we will present."

Kennedy's statement was made in the framework of surprise action by House Speaker Sam Rayburn (D-Tex.) Rayburn postponed until next Tuesday a showdown vote previously scheduled for today on a proposal to cut Southern Democratic-Republican coalition power to pigeonhole in the committee domestic legislation of the kind Kennedy wants.

Air Force Starts Big Food Lift To Hungry Congo

EVREUX, France (AP)—The U. S. Air Force today began a giant airlift of food and other supplies to the Congo to halt famine among hundreds of thousands of refugees driven from their land by tribal warfare.

Twenty huge transport planes based in France and West Germany will be used in the operation over the next few days to carry 1,100 tons of supplies solicited from five countries.

President John F. Kennedy announced in Washington last night that the United States was going to "increase substantially its contribution toward relieving the famine in the Congo."

Air Force Wives Fly To Reunion

TOPEKA, Kan. (UPI)—Two elated wives took off today in a military plane for a reunion in Washington with their husbands who were released from Russian prison camps yesterday.

Today was the day the two wives have awaited for seven long months.

Mrs. Connite McKone and Mrs. Gail Olmstead will be reunited today with their husbands, Capt. John R. McKone, 28, of Topeka, Kan., and Capt. Freeman Bruce Olmstead, 24, of Elmira, N. Y.

The two women have not seen their husbands since their RB-47 reconnaissance plane was shot down by the Russians over the Barents Sea on July 1. They were the only survivors.

Mrs. McKone, 26, said, "I'm just numb. Of course, there is great happiness and excitement too. It's like Thanksgiving and Christmas rolled into one."

Also joyous was the 25-year-old Mrs. Olmstead. "I just want to return to being a housewife," she said. "I'd like to stay out of the news."

Telephone calls from President John F. Kennedy were received by the women last night. He offered his congratulations and wished them well.

Maj. Gen. Edwin B. Broadhurst, chief of staff of the Strategic Air Command, was on the plane which took the women to Washington. He flew to Forbes Air Force Base here from SAC headquarters in Omaha.

The U. S. Government Printing Office, the largest such establishment in the world, was created by act of Congress in 1860.

Robinhood Drive Site Recommended For Park

A park on Robinhood Drive in Glenwood was recommended by the San Rafael Parks and Recreation Commission last night.

The commission's recommendation came after six months of studying two six-acre park sites, one on Robinhood Drive adjacent to Maplewood Drive and the other on Knight Drive.

Edward P. Morphy of Tamarin Associates reported on an informal appraisal of the two sites last night. He appraised the Robinhood site at about $45,000 and that on Knight Drive at $30,000.

The new appraisals were based on a realignment of the Robinhood park site. Original plans called for a park with between 375 to 525 frontage feet with an asking price of about $75,000.

Commissioners recommended the number of feet fronting on Robinhood Drive be reduced to 225 with the main portion of the park stringing out behind them. This would mean a reduction of about $30,000.

The Robinhood site contains a little more than three level acres and two and one-half steep hillside acres.

Commissioners said they were recommending the Robinhood site because it was supported by the Glenwood Homeowners Assn. and it seemed to be the more adaptable for park facilities. They added that it was shown as a park site in the Glenwood master plan.

The recommendations will go to the city council at its Feb. 6 meeting.

Injury Blamed On Smooth Tires

Smooth tires were blamed for a skid on the Redwood Highway in San Rafael during rain yesterday which caused minor injury to the driver of another car.

Darrel C. Dietrich, service station attendant of 450 Corte Sur, Novato, suffered a bruised right knee but refused treatment at San Rafael General Hospital.

He was driving south on a curve a short distance north of the Linden Lane underpass at 6:20 p.m. when a car driven by an 18-year-old student, Charles T. Pearson of 1508 Buchanan Street, Novato, started to pass but slid into his vehicle. Both cars veered off the highway.

California Highway Patrol inspection showed that all tires of the Pearson car had worn smooth.

A revamping of the practices and policies of the government's six top regulatory agencies has been recommended to Kennedy in a special task force report.

State GOP Senator Rips Jobless Plan

SACRAMENTO (AP) — A Republican senator charges Gov. Edmund G. Brown's plan to provide emergency jobless benefits would rob the unemployment fund to aid idle workers least distressed by the recession.

Sen. Donald Grunsky (R-Watsonville) made the statement after a hearing yesterday by the Senate Insurance and Financial Institutions Committee, of which Grunsky is a member.

The governor has given his backing to legislation by Sen. Stanford C. Shaw (D-Ontario) to allow 13 additional weeks unemployment benefits for about 44,000 workers who have exhausted their regular benefits since Oct. 1.

Another 110,000 jobless persons won't qualify either because they aren't covered, or exhausted their basic 26 weeks of benefits too long ago.

"What are we doing for these people?" asked Grunsky. "This bill would rob unemployment funds for the least distressed."

However, he said he did not favor any immediate relief program for the 110,000 unemployed who would be helped.

State Employment Director Irving Perluss, who Brown has named to direct state anti-recession activities, told the committee he expects the unemployment picture to improve about April.

Perluss also backed off from an earlier statement that high taxes caused by a swelling population are creating a bad business climate in the state.

He said the situation was a problem, but quickly added that the business climate is good now and will remain that way.

Mill Valley Planners Cut Ridge Road

Tamalpais Parkway, a proposed two-lane road running along Corte Madera Ridge, was cut a third in the North Ridge master plan by the Mill Valley Planning Commission Tuesday.

The commission will recommend to the city council Feb. 1 that the parkway be eliminated from the Marin Municipal Water District land, roughly one-third of its length. It will ask that the land remain open area.

The plan sets up land use and circulation for an undeveloped area of about 1,500 acres bounded by Camino Alto on the east, the eastern slope of Mount Tamalpais on the west, the undeveloped part of Mill Valley on the south and the Corte Madera ridge on the north.

The commissioners voted 4-2, commissioners Claude Stoller and Ruth Gustafson voting "no." The majority said the road would "invite subdivision."

The commission also recommended that the city council change minimum lot sizes for north ridge from 8,750 square feet to 15,000 square feet.

Smog Control Vigilance Asked By Lawmakers

SACRAMENTO (UPI)—A legislative committee today recommended continued vigilance to prevent the spread of smog in California.

The Assembly Air Pollution Subcommittee said smog covers 11,000 of the state's 159,000 square miles and was concentrated particularly in the Central Valley, Southern California and the San Joaquin Valley.

Plant damage attributed to smog was detected in 25 counties ranging from the south coastal basins of Los Angeles and San Diego to the San Francisco Bay Area, the San Joaquin and lower Sacramento portions of the Central Valley, the lawmakers said.

Citation Given Legion Post

Mill Valley Post 284 of the American Legion has received an Americanism citation for 1959-60 issued by the National Americanism Commission of the Legion, Commander Ross J. Benson said today.

The citation commends the post for its "worthwhile and outstanding service to its community."

Benson said the post has agreed to support Mill Valley Explorer Scout Post 1 and a charter will be presented to the scout organization by Harry E. Fizgibbon at a Boy Scout night Feb. 13 at the Legion Hall. Fitzgibbon is institutional representative of the Legion.

John F. Richardson is adviser to the Explorer Post. The Legion post also sponsors Cub Scout Pack 1, Boy Scout Troop 1 and the Mill Valley Sea Scout unit.

GOP Women Ask Return To Three Rs

SAN FRANCISCO (AP) — A return to the three Rs in California schools was urged yesterday as the California Federation of Republican Women opened its 12th biennial convention.

The return to fundamentals was urged in a report by Mrs. Myrtis Myer of San Diego, education chairman of the organization and member of the Legislature's Citizens Advisory Commission on Education.

Her report also proposed simplification of credentialing teachers, uniform statewide testing of students on basic subjects, and all year use of school buildings as an economy measure.

The federation took as its convention keynote a promise "to watch President Kennedy's 220 campaign promises."

I. Lee Potter, Arlington, Va., Republican national committeeman, said plans for 1962 should bring home the message that in the last election the Republican Party received the largest number of popular votes.

Assigned To Unit

First Lt. Jake A. Carpenter of 566 Virginia Drive, Tiburon, has been assigned to duty with the 820th Engineer Battalion (Construction), Army Reserve, at San Pablo, Contra Costa County.

GETS U.C. POST — Robert P. Girard of Kentfield has been appointed manager of personnel and employee relations for the statewide University of California. Girard, who has been with the industrial relations department of Fibreboard Paper Products Corp., replaces Boynton S. Kaiser, who has resigned to become personnel director for the Atomic Energy Commission's project at Stanford University.

Medical Aid Plan Given Welfare Unit

LOS ANGELES (AP)—A four-point program for doubling medical aid to the needy aged was submitted to the State Social Welfare Board yesterday by Welfare Director J. M. Wedemeyer.

The plan calls for expenditure of an additional 18 million dollar annually in these areas:

1. Health examinations, at a rate of 4,000 per month, to members of the 65-69 age group.

2. Providngi for minor surgery and radio therapy in doctors' offices.

3. An allowance of $6 per month per person for outpatient care for 12,000 disabled elderly.

4. Enlargement of the list of prescription drugs provided free.

The plan was recommended by the staff of the State Social Welfare Department.

CASH DISCOUNT SOUGHT IN STAMP TRADE

SACRAMENTO (AP) — Assemblyman Ronald B. Cameron (D-Whittier) says he wants to "free the reluctant customer from the trading stamp hoax."

He plans to introduce legislation requiring merchants who offer trading stamps to give their customers the option of either stamps or a cash discount equal to the cost of the stamps to the merchant.

Cameron said merchants pay from 2 to 3 per cent for stamps, and this percentage is added on to the price of merchandise.

The expression "truck crops" comes from the French word "troquer," which means to barter or exchange.

State Prison Overcrowding Called Critical By McGee

SACRAMENTO (AP)—California's corrections chief says overcrowding at state prisons is becoming critical.

Richard A. McGee, state corrections director, issued the warning yesterday as the state prison population topped 22,000—5,000 more than capacity—for the first time.

"The situation was serious earlier this month," McGee said. "But now is is becoming critical."

"Not only are too many persons crowded together with all the frustrations and vexations that produces, but far too many are without anything to do."

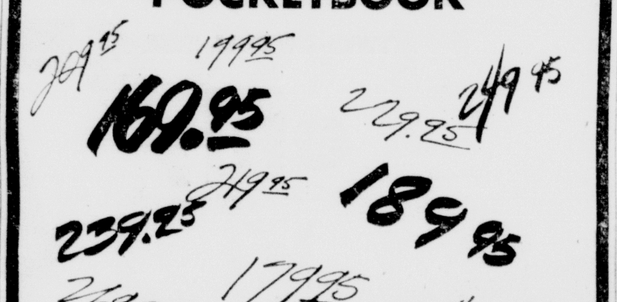

Overcrowding and resulting confusion was blamed for the last major disturbance at a California prison. That was 10 years ago when the permanent prison at Soledad was opened.

The total of 22,015 inmates represents a gain of 355 over Jan. 1; 2,000 over 10 months ago, and 1,000 over three months ago.

The average hen in the United States lays 206 eggs a year, compared with 121 eggs per year three decades ago.

Republicans Assail Brown's Budget, Demos See Tax Hike

SACRAMENTO (AP)—Gov. Edmund G. Brown's 2.6-billion-dollar state budget brought poles-apart reaction in the legislature today.

Minority Republicans renewed their demand for tax cuts.

Democrats said taxes may have to be raised within a few years.

Brown, in his budget message yesterday, described his 1961-62 spending program as one of the tightest in California history. He warned, however, that the state will wind up with a surplus of just $468,000 by June 30, 1962.

Chairman John A. Busterud (R- San Francisco) of the Assembly Republican caucus, ignored the Democratic governor's plea against any major tax reduction.

Busterud, charging the administration has consistently underestimated state revenue, announced he would introduce an amended version of his bill to cut the state personal income tax by 10 per cent.

Chairman Charles H. Wilson, (D-Los Angeles) of the Assembly Revenue and Taxation Committee held out hope only for the five-million-dollar exemption of prescription drugs from the sales tax, the lone tax cut favored by the governor.

"From all I can gather," he said, "we're going to have to look for more revenues in a couple of years."

In the Senate, John F. McCarthy (R-San Rafael) assailed the budget as "just one more example of the fact that Brown lives in a world untouched by the normal rules of fact and logic."

The Senate minority leader referred to the governor's statement that without his 1959 tax program, the state today would be 444 million dollars in the red.

"Two years ago he said the taxes were vital to a balanced budget," McCarthy said, "and we wound up with a 129-million-dollar surplus."

Brown, citing heavy increases in education and welfare costs, plans to use most of the state's surplus and bond money to balance the budget.

State Housing Study Asked In Two Bills

SACRAMENTO (AP) — Two bills were sent to the Assembly today to create a new State Housing Commission for a detailed look at California's housing needs and building industry.

The measures will be introduced by Assemblyman George E. Brown Jr. (D-Los Angeles) and co-authored by Sen. Samuel R. Geddes (D-Napa).

The Department of Employment has pointed out that the construction trade has the highest rate of unemployment in the state, reaching 50 per cent of building trade workers in some areas.

The 20-man commission would be appointed by the governor and would replace the five-man advisory commission now in the Division of Housing. It would report to the legislature in 1962 and finish its work by 1963.

Transient Jailed After Battle

A 34-year-old transient, who says he came from Alabama, was jailed Tuesday night after battling two officers on Highway 101 at Alto.

Eusau Gamal, 34, was booked on a charge of resisting arrest and violating traffic laws by walking along the freeway.

Sheriff's Deputy Edmond Mauberret said he went to the help of a California Highway patrolman, who was having trouble with Gamal. Gamal demanded to be left alone, said Mauberret. When the officer tried to get him in the patrol car, Gamal resisted.

NEW NOVATO SCHOOL TO LOOK LIKE THIS

This is drawing by architects Reed, Rockwell, Banwell and Tarics of San Francisco of the Rancho School, now under construction for the Novato Unified School District on South Novato Boulevard near the Nave Shopping Center. The portion now being built includes the L-shaped section at left and the round library in the courtyard. This will provide eight classrooms. The school is expected to be completed for opening next September.

OH, FUDGE!

Anonymous Group Would Aid Eaters

Are you plagued with an overwhelming urge to gorge yourself with hot fudge sundaes and pork chops?

Do you go all to pieces at the mere site of a roulette wheel?

If so, your problem may be at an end—thanks to an anonymous Independent-Journal reader who is anxious to help establish Marin County chapters of Overeaters Anonymous and Gamblers Anonymous.

"A few months ago," the anonymous reader said, "a group of women in Beverly Hills started a self-help movement which they named Overeaters Anonymous. They based their program on the principles of Alcoholics Anonymous.

"After several of them had lost signifant amounts of weight, they sent two of their number to appear on the nationally televised Paul Coates interview show. I was quite impressed with what they had to say and wrote them for more information."

As a result of this information and because he lives in San Rafael, he decided to help start such a group in Marin, going so far as to set up an office: Overeaters Anonymous, Room 207, 228 McAllister Street, San Francisco.

"There is already a very active group of Gamblers Anonymous," he said, adding it could be reached at 1010 Franklin Street, San Francisco.

He urges any interested in either movement to drop a line to the above addresses.

"If there is any response, I will arrange for a meeting place in a church or a hall in San Rafael or San Anselmo," said the anonymous organizer.

Presumably you will be guided to the meeting place by an overweight man with no name, nervously fingering a pair of dice.

Magazine Purchase

NEW YORK (UPI)—Arthur B. Langlie, president of the McCall Corp., disclosed yesterday that the publishers of McCall's magazine are negotiating for the purchase of the Saturday Review. Langlie said he expected the negotiations to be completed within two weeks.

Homestead Club Elects Officers

The Homestead Valley Improvement Club Tuesday re-elected Mrs. Jo Schlesinger as president.

Also elected were Mrs. Kenyon Spalding, vice president, and Tim Kelly, building superintendent. Mrs. Frank Lauritsen was re-elected secretary and Steve Hegarty, re-elected treasurer.

Incumbents re-elected to the board of governors were Chris Bratt and Gus Wolf. New members elected to the board were John S. Collins, William K. Gealey, Joe W. Jones, M. B. Owens and Purcell Weaver.

The film "Crisis in Marin" was shown by Donald E. Boothroyd for the Marin Federation of Improvement Clubs. Mrs. Midge Hamburg of the Tamalpais Valley Improvement Club spoke on the cookbook, "What's Cooking in Tam Valley."

Agreement Reached On New Playground

The Corte Madera Park and Recreation Commission last night approved agreement with the Larkspur School District for a pre-school playground on the new school site in Mariner Cove.

The agreement provides that the town will purchase and maintain the playground equipment, and continue to do so after the school opens. The commission at a previous meeting had recommended the equipment become the property and liability of the school district when the school opens, but Mrs. Hazel Lee, commission secretary, said this was due to a "misunderstanding."

As soon as the town council approves the agreement, playground equipment will be ordered.

H. C. Stephenson, representing the Twin Cities Little League, outlined the league's plans for a field in the town park. Plans include installation of heavy fencing, two dugouts and a field house containing a refreshment stand and quarters for an announcer, scorekeeper and the press.

Stephenson was asked to bring in a more detailed plan of the field house at the next meeting. All equipment will be paid for by the league, and is to be movable. The league hopes to have the field completed by April 1.

Robert Bartram, street superintendent, reported planting in the town park will start in a couple of weeks, weather permitting.

Concentrates produced from low grade ores accounts for over 45 per cent of Minnesota's annual production of iron ore.

Escrow Officer Freed On Bail

Marshall Levi McCoy, 30, San Rafael escrow officer charged with embezzleming $6,750 from his company, was freed from Marin County Jail yesterday on $1,050 bail posted by a bail bondsman.

He was to appear this afternoon in Marin Municipal Court to plead to a grand theft charge. He lives with his wife and family at 436 Alameda de la Loma, Loma Verde.

San Rafael Police Inspector Lincoln Borba said McCoy admitted theft of funds and explained he spent some of the money gambling at Reno and Las Vegas.

Driver Hurt In Skid

Jean Donald Eaton, jeweler of 427 Johnson Street, Sausalito, suffered only minor injuries when his car skidded and overturned northbound out of Sausalito toward Highway 101 at 11:30 a.m. yesterday.

More Money For Real Estate Loans Predicted Available During 1961

Money — what does it look like for 1961?

This was the subject of a panel discussion before the Marin County Real Estate Board Tuesday morning by Fred Enemark of the Marin County Savings and Loan Assn., Eugene Ostaggi of the Ross Valley Savings and Loan Assn., Daniel Davis of the Wells Fargo Bank and American Trust Co., San Rafael and Glade Grenke of the Bank of America, San Rafael.

They represented two types of lending institutions which together furnished $7 out of every $10 in Marin real estate loans last year.

What they would have to say on the money picture was considered important to the real estate profession which hopes to sell 40 million dollars of Marin County property this year on multiple listings — better than a 20 percent gain over 1960.

To facilitate the presentation, Enemark submitted the following premises on which both banks and savings and loan companies were in agreement:

MORE MONEY for real estate loans will be available in 1961 than in 1960.

There was, starting in 1959, an "overdraft" situation in home loan funds, and by the latter part of 1960 many money lenders had been forced off the market.

The west, particularly California, has always been a "capital deficit area" dependent upon the importation of eastern capital.

The overdraft has now been liquidated; funds are now available but their continuance through 1961 is contingent upon two sources—the flow of eastern capital and increased savings deposits with banks and saving and loan firms.

FROM THAT POINT there were some similarities and also differences—mainly of policy by reason of their structural set-ups. Broadly they can be summarized as bank procedures on one hand and saving and loan company procedures on the other.

INTEREST RATES. Banks: Presently 6.5 per cent—continuance depending upon how the economy picks up. Saving and loan companies: 6.5, 6.75 and 7 per cent according to age and condition of property improvements.

FHA LOANS. Banks: More money available for these loans (5.75 per cent); 10 per cent down, a maximum of 25 years to pay — mostly preferred credit rists. Saving and loan companies: Not interested at this time.

CONVENTIONAL LOAN TERMS. Banks: Limited to 20 years, usually go less on older properties. Saving and loan companies: Allowed to go 25 years but usually hold to 20 years or less. Age of properties determines.

CONVENTIONAL LOAN COMMITMENTS. Banks: Two-thirds of appraised valuation. Saving and loan: Structure permits 80 per cent on first $15,000; 70 per cent of all over and above, generally holding to 75 per cent.

MULTIPLE FAMILY DWELLINGS. Banks: Generally on one to four units; larger units often farmed out to eastern capital. Saving and loan: One to four units but all multiples limited to 70 per cent loans.

POINT SYSTEM. Banks: One point from buyer and two points from seller on FHA loans; one-half of one per cent on first $15,000 of conventional loans, one-quarter of one per cent up to $40,000 and descending thereafter. Saving and loan companies: 1.5 per cent on conventional loans; two per cent on construction loans with no pre-payment; one per cent assumption fee.

Eight Students Named For California Symphony

Eight San Rafael High School music students—twice as many as from any other school in the state — have been selected to play in the All-California Symphony program at the University of California at Santa Barbara next month.

The announcement was made today by Hugo Rinaldi, director of music for the San Rafael School District.

The symphony will be made up of 125 students from all over the state and will hold a concert in Santa Barbara on Feb. 24, 25 and 26.

Directing the students will be Dr. Stanley Schappell, conductor of the Washington and Seattle Symphonies and head of the music department at University of Washington.

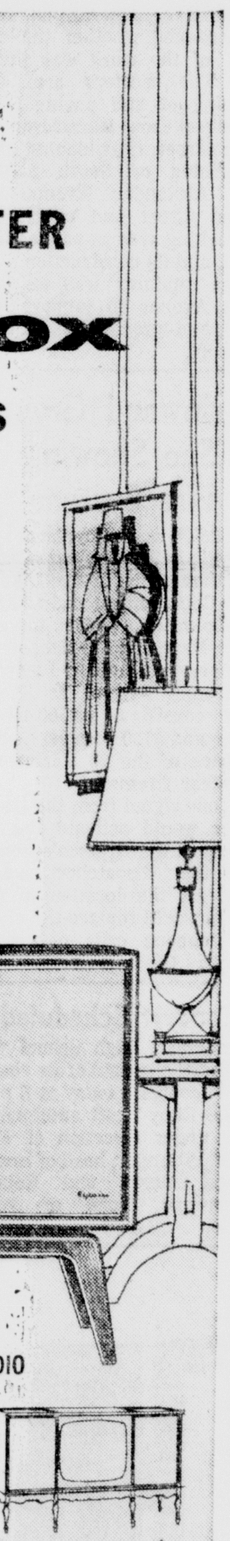

San Rafael High School students selected were Brooks Moore, trumpet, senior; Tim Simpson, trombone, junior; Lyn Howard, clarinet, senior; Barbara Woelz, oboe and English horn, senior; Erica Gordon, cello, sophomore; Bruce Howard, string bass, sophomore; James Watkinson, string bass, junior, and Susan LaBlanc, viola, senior.

They were selected from ten applicants at the high school by the University of California Symphony Committee. San Rafael is the only school in the state to have more than four students selected the committee reported.

NEW BUILDING FOR WATER DISTRICT

This is drawing by Crawford and Banning, San Rafael architectural firm, of Marin Municipal Water District headquarters to be built in Corte Madera's Fifer Industrial Park. Plans for the building were approved by the district's directors last night. Bids will be opened March 8. See story on page 1.

Ross Man's Bid 'Best' For Land By Highway

Ivan Swigard of 251 Laurel Grove Avenue, Ross, submitted a successful bid of $22,800 at a State Division of Highways auction of "excess" land at the Corte Madera interchange today.

Sale of the vacant property—slightly more than one acre is subject to approval by the State Highway Commission.

Swigard, a San Francisco accountant, is a major owner of about 80 acres of vacant property east of Highway 101, opposite the parcel auctioned today.

Swigard said he would "rather not say" anything about his plans for use of the property.

The auctioned land, between Paradise Drive and the highway, was zoned low-density one-family residential by the town last spring. Adjoining property is zoned commercial. Swigard said he did not plan to ask for a rezoning immediately.

About 20 persons showed up for the auction. Bidding was started by the state at $12,500.

The property was the center of a dispute last spring when the state fenced it, preventing commuters from parking there before boarding buses for San Francisco.

The town had considered purchase of the land, but decided not to after the state put a $28,000 price tag on it.

President Named In High School Runoff Election

Mike Casselman emerged victor yesterday in a runoff election for student body president of San Rafael High School.

Mike, a senior, is a son of Maj. L. W. Casselman of 5 Westwood Drive. He defeated Gary Ledson in the runoff. The two were high among four candidates in the student election last Friday, but neither at that time received a majority of the votes cast.

The high school withheld the vote tallies in accordance with its policy of "not hurting the feelings" of defeated candidates.

The loss of Supervisor Vera Schultz in the last election and the expected loss of Mrs. Summers, who is planning to retire, was lamented by the group. Concensus was, "Now we have to fight our battles by ourselves."

De Berry had little trouble in getting volunteers for the committee and appointed only three. They are Darroch, Rafter and Kaufmann.

De Berry urged that all residents interested in contributing to the fund mail their donations to treasurer John Jansheski, 26 North Terrace, Tiburon.

Quentin Prison Inmate Stabbed

A 28-year-old inmate at San Quentin Prison was beaten on the head and stabbed in the neck during a fight in the prison's clothing factory office today.

Prison doctors said William L. Nigh, serving six months to 10 years for grand theft committed in Los Angeles County, was suffering partial paralysis from the chest down. His condition was reported as serious.

Associate warden Dale Frady said Nigh was stabbed following an argument with Raymond Zorka, 27-year-old forger from Madera County serving six months to 14 years.

Man Suspected Of Cheese Theft

A Ross Post Office employee, suspected of shoplifting a 41-cent package of cheese from Jolly Store in Kentfield last night, was jailed on suspicion of petty theft.

James David Bays, 41, of 21 Poplar Avenue, Ross, was caught by Carl A. Beerbower, assistant manager of the store, about 7:40 p.m. But while Beerbower was calling the sheriff, Bays dashed out, jumped into his car and left. Beerbower got the license number.

Sgt. Edward Levine found Bays at the post office and arrested him. Officers said Bays admitted taking the cheese. The only explanation he could give was, "I just had the urge."

SHIP

tugal's overseas provinces were alerted. Portugal's newest and fastest frigate, the Pedro Escobar, was thrown into the search. The frigate has a range of 4,000 miles.

The U.S. Navy sent the tanker Canisteo to the area far out in the Atlantic to refuel two destroyers on the other side of the Atlantic ordered out to watch for the Santa Maria. The destroyers are the Vogelsand and the Gearing.

The Navy also reported that the atomic submarine Seawold has been ordered to trail the liner. The submarine has been training in the Caribbean.

Cmdr. Charles Rainey, public information officer, emphasized that no attempt will be made to halt the liner "until a firm disposition is made at a higher level."

President John F. Kennedy emphasized that U.S. officers had not been ordered to board the Portuguese liner.

Galvao in his latest message, sent to the Columbia Broadcasting System, said relations between the passengers and "the occupation forces at my command" are good.

When a Navy patrol plane first made contact with the Santa Maria yesterday, Galvao said his destination was Angola, the Portuguese colony on the coast of Africa.

But this could be a ruse to mislead interceptors. The Santa Maria—at last report half way between Puerto Rico and West Africa and heading on a southeasterly course—still was in a position to swing back toward South America.

Galvao, in a radio talk with the U.S. naval pilot who tracked him down, refused to turn around and go to San Juan and bluntly told him: "Destination Angola."

But he added: "Will accept conference on board Santa Maria with U.S. authorities or any other than Portuguese or Spanish (Salazar's close ally)."

The 66-year-old rebel leader, a former army captain and leading Portuguese writer, told the Navy pilot, Lt. (j.g.) Daniel L. Krauss, he wanted to "discharge passengers unharmed—earliest." He has aboard 600 passengers, including 38 Americans, but messages from the Americans to their families indicated they were enjoying their unexpectedly extended cruise.

Schultz Dinner Reservations Due

Tomorrow is the last day to make reservations for a dinner honoring ex-Supervisor Vera Schultz next Tuesday at 8 p.m. at the Meadow Club, Mrs. Stanley V. Dick of Belvedere, dinner chairman, said today.

The dinner will be preceded by a reception starting at 6:30 p.m. Reservations may be made with Mrs. Oliver F. Smith of Tiburon.

Leland H. Jordan, former county counsel, will be master of ceremonies.

Empire Firemen's Meeting Tonight

About 100 members of the Redwood Empire Firemen's Assn. will hold their quarterly meeting at 8 p.m. today in the Kentfield Fire Station.

Norman Mitchell of the state compensation insurance fund will discuss state compensation for volunteer firemen. Association members are from fire departments in Marin, Mendocino, Contra Costa, Napa and Sonoma counties.

Sausalito Road Study Urged By Planners

The Sausalito Planning Commission last night recommended to the city council that it authorize additional engineering studies for a feasibility report on Rodeo Avenue alignment to connect Bridgeway directly with Highway 101.

The commission believes, Secretary Ruth Sisson said, the street should be routed through an undeveloped area near Bridgeway rather than through existing streets in the Gordon and Spring Street area.

A petition, with about 100 signatures, was read in which petitioners asked that a previous Rodeo Avenue study be reviewed and that the road not be routed through the developed Spring Street area.

The direct route, Mrs. Sisson said, would also connect East and West Sausalito by an overpass over the Redwood Highway, already planned by the state.

The commission also recommended to the council an ordinance amendment to require one offstreet parking space for each four seating spaces in a restaurant, bar or lounge. The vote was 7-1, Dr. Thomas Wiper voting no.

The commission recommended that the council deny variance requests on offstreet parking and minimum lot size for multiple dwellings by Jaques Reutlinger of San Francisco, who seeks to add five units to his 18-unit apartment house at 206 Caledonia Street.

DIXIE LOAN

20 per cent contingency "cushion" above the total of these estimates.

The new schools and additions are needed for a predicted increase of 3,050 children, said John Starkweather of Terra Linda, chairman of the district's advisory committee on capitalization.

Starkweather reported on a study of growth estimate prepared by the Marin County Planning Department, and others including a University of California study team.

Growth during the next five years, these studies showed, should be at least as great as that of the past five. It was pointed out that during the past five years the district has built five schools, bought seven site, and has financing for one more school and one more site from a loan voted in 1955.

Enrollment is now about 2,300 and the committee estimated 5,000 by 1966.

The board also approved a $5,049.72 equipment list for the recently completed addition to Vallecito School.

In another unanimous action the board passed a resolution favoring continuance of Public Law 874, which provides federal aid to school districts for children of persons employed by the federal government. This means $40,000 per year income to Dixie District, said superintendent Willis.

Bus driver salaries were increased at a cost to the district of $327.08 due to lengthening and adding to bus routes.

Arnold Griewe was employed as inspector for the addition to Santa Margarita School at $1,989.75 for the job.

Agreement was signed with Fostmeier Construction Co. of Petaluma for construction of an addition to Santa Margarita School for $133,810.

The board voted to continue granting one unit of credit to teachers obtaining first aid certification.

Purchase Of Underwater Lots Passed

The Sausalito Planning Commission gave 6-2 approval last night to proposed city purchase of five underwater lots at the foot of Richardson Street and another lot next to the firehouse.

The vote was on whether the purchases were in conformance with the city's general plan.

Voting "no" were Commissioners Carl G. Wooley and Robert L. Nissen.

The city has proposed to purchase the lots from Walter Benson of Views Land Co. The matter was referred to the commission from the city council as a required legal step.

The commission, in the same vote, said three other matters referred to them did not conflict with the general plan but it questioned whether the expense of the work was justified. The matters are: (1) widening of and paving Second Street from Richardson to South Street; (2) widening and resurfacing of South Street from Alexander Avenue to Second Street and paving of the parking area as part of the street, and (3) construction of a 70-foot retaining wall on Edwards Avenue to support the street and provide for future widening.

Marinwood Group To See Showing Of Fire System

A $2,500 radio fire alarm system will be demonstrated at a special meeting of the Marinwood Community Services District board at 8 o'clock tonight in the Mary Silveira School.

The system built by Plectron Electronics System of Sacramento consists of a $500 transmitter and $100 receivers—one for each of the 20 Marinwood volunteer firemen.

A tone signal from the transmitter would activate the receivers in the firemen's homes and the dispatcher would broadcast the location of the fire. It would replace the chain of telephone calls now used to notify the volunteers.

Concert Scheduled

Tamalpais High School will present the second of its "backstage" concerts today at 8 p.m. in the Ruby Scott auditorium. It is under direction of Mrs. Mabel Pittenger, head of instrumental music, and Robert Greenwood, head of vocal music.

3 Students Hurt As Cars Hit On Road

Three Santa Rosa students suffered minor injuries in a Redwood Highway automobile collision yesterday afternoon and a California Highway Patrol car parked during investigation was slightly damaged when a passerby drove into it.

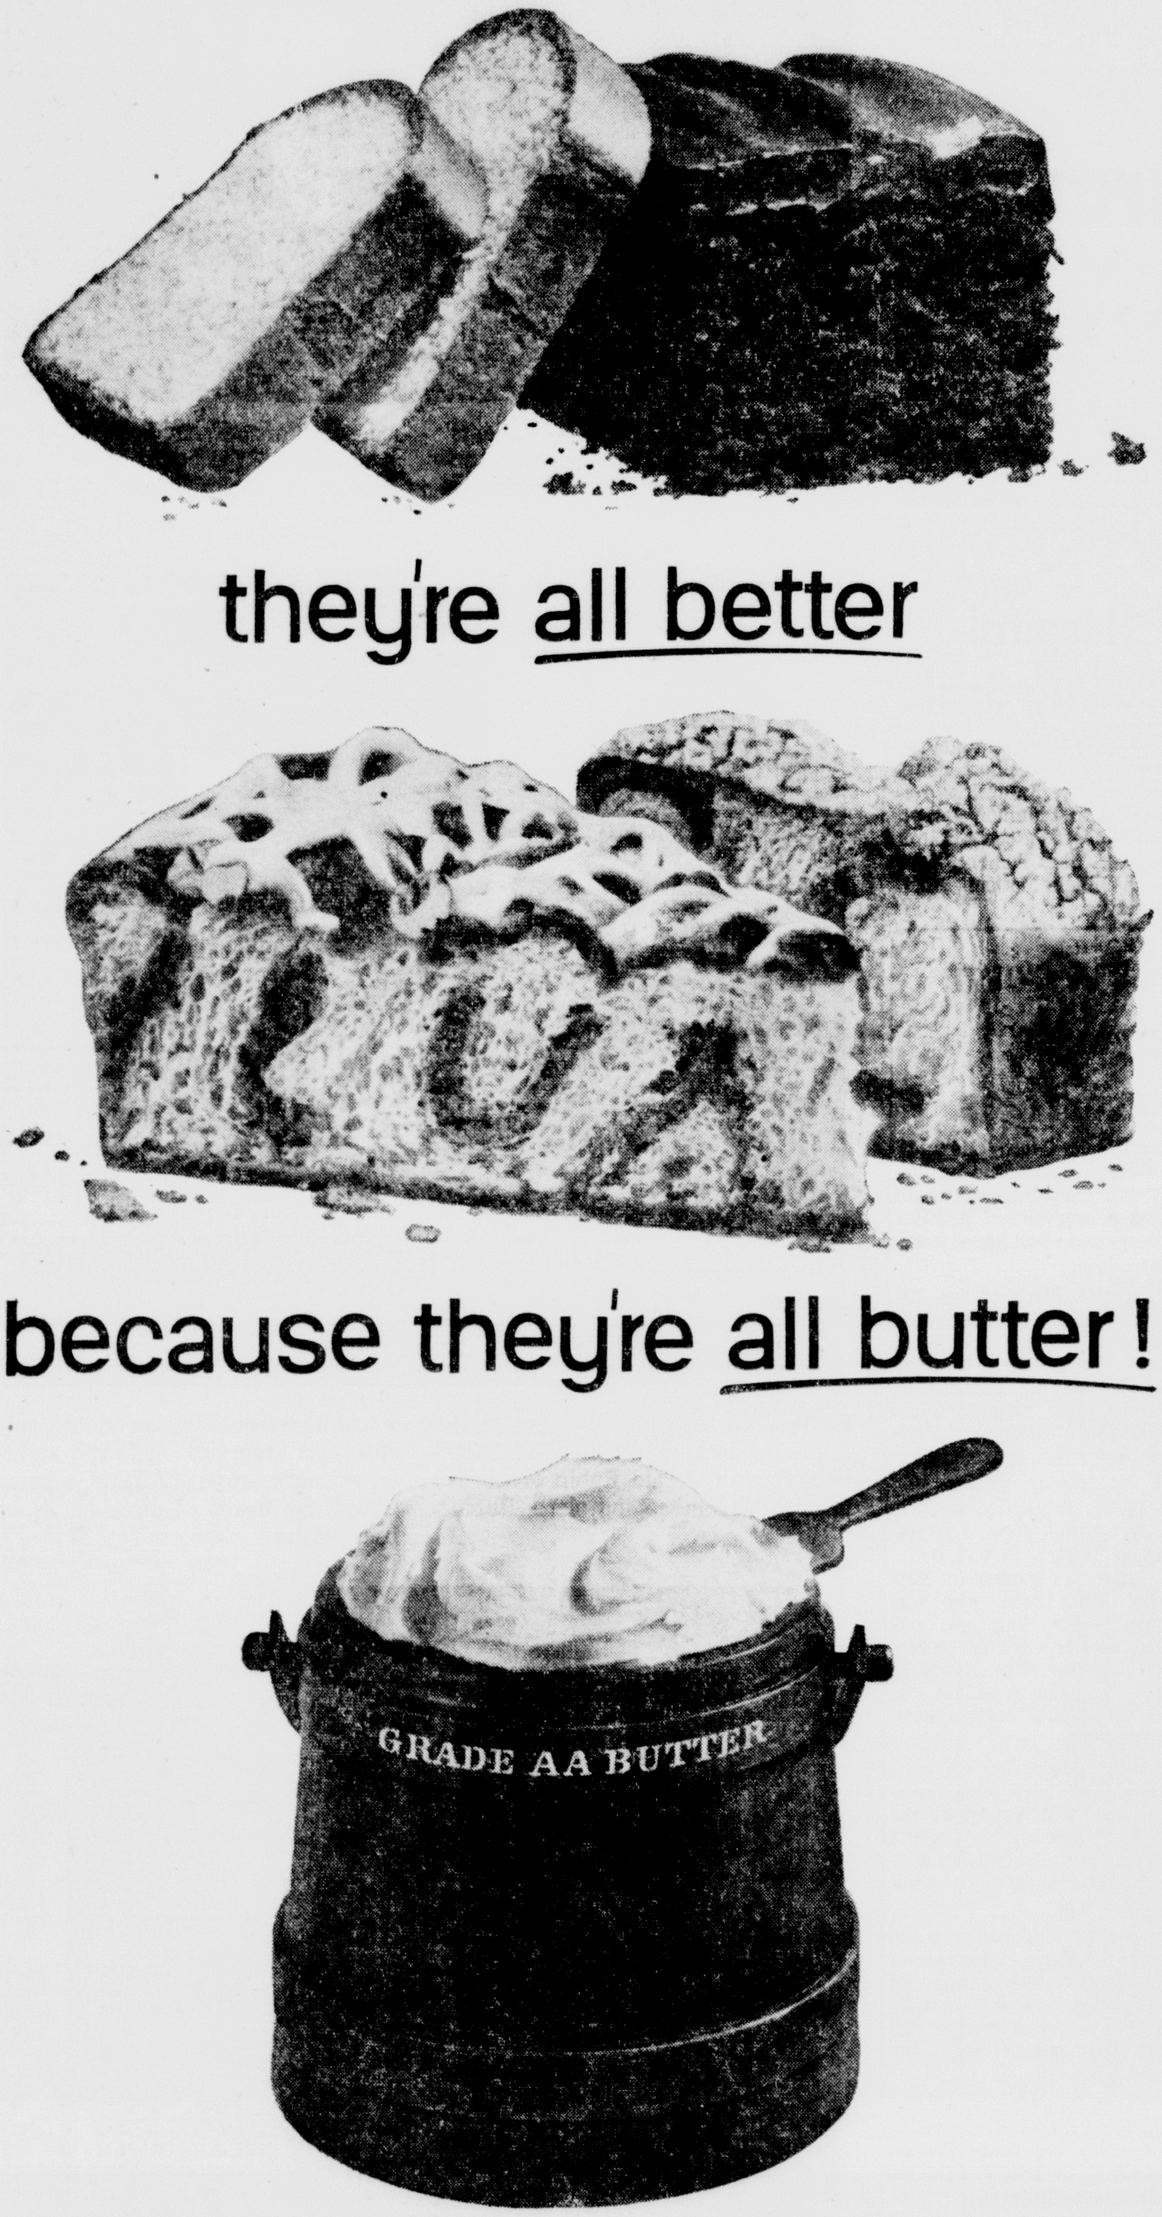

The patrol car remained sufficiently fit to take the injured persons to San Rafael General Hospital for emergency treatment.

Hurt were Donald Prather, 24, who suffered dislocated right elbow, cut left eyebrow and bruised shoulder; Ellen Jones, 18, whose forehead and right hand were bruised when she was thrown out of Prather's car, and Nancy Eades, 18, with a mild concussion and knee cut.

Patrolman R. J. De Marco was drawing a diagram of what had happened while Sgt. J. J. Shanahan interrogated when Beulah Shoemaker of Petaluma, driving a small imported sedan, rammed the rear of the parked patrol car.

The first mishap occurred when Darlene Lucille Faustine of 25 Boulevard Terrace, Novato, was passed by the Prather car southbound at 4:30 p.m. three and one-half miles north of Novato.

NORTH MARIN GETS FACILITY

Novato Hospital Opens Sunday

Story and Photos
by ELLEN BRY

The wonders of a modern hospital will be unveiled Sunday during an open house at the just-completed Novato General Hospital.

The $430,000 hospital (the cost includes land, construction and equipment) will be ready for its first patient Monday, in surroundings archiect George Rockrise aimed at making "inviting and humane."

The wings of the hospital are backed by a hill and extend into an orchard which acts as a buffer from the surrounding residential neighborhood at Hill Street and Canyon Road.

Its overhanging roof, a red brick court area and retention of the orchard were aimed at harmonizing with the area, the San Francisco architect pointed out.

Rockrise is a former member of the San Francisco Art Commission and designed the U.S. State Department building in Japan. Robert C. Mountjoy of Mill Valley was project architect and worked at the building as it took form.

TOURS PLANNED

Inside, visitors will see all aspects of the hospital on tours to be conducted by the newly formed volunteer group headed by Mrs. Charles R. Johnson. The open house will be from 1 to 4 p.m. Sunday.

Visitors will see the nursery where babies will be placed in transparent, molded plastic cribs. These cribs are easier to clean and make it possible for nurses to more easily keep an eye on babies.

In the emergency room, visitors will see an actual cast being put on a "victim." The hospital will be set up to handle emergencies any hour of the day, with a doctor always on call and a physicians' answering service for Novato area doctors.

AMBULANCE SERVICE

San Rafael ambulances and occasionally ambulances from Hamilton Air Force Base will bring patients to the hospital—if it is the closest one in an emergency or if the patient requests it.

Novato has no ambulance service. A proposed service was stopped before it started when operators considered the cost and the relatively few ambulance calls which would go to the 30-bed hospital. But hospital directors may later ask the city or the Novato Fire District to aid in support of an ambulance service.

The hospital will be served by Irwin Memorial Blood Bank.

Visitors Sunday will see the specially constructed X-ray room, with X-ray machine mounted on the ceiling. The mounting allows extremely ill patients to be X-rayed while lying on a gurney. The room also will be used for fluoroscope work.

VIEW THROUGHOUT

At the main nursing station, visitors may see how the charge nurse keeps an eye on the oxygen supply with outlets in each hospital room and in the surgery, and on the anaesthetic piped to the surgery.

In each room and in the surgery is an outlet for a suction apparatus for drainage of wounds.

The hospital is designed so the charge nurse can visually check through the window of the nursery, check the area for acute cases, the emergency room, labor room—all close to the nursing station.

In each patient's room, visitors will see a demonstration of how the hospital bed works, how traction is applied for orthopedic cases and what it means to be fed intravenously.

OPERATION MOCK-UP

In the surgery, there will be a complete setup for an operation, with dummy "patient" on the table, draped, instruments out and anaesthetic ready.

Laboratory equipment ready "for the most detailed chemical analysis" will be displayed. It is aimed at doing nearly all laboratory work at the hospital.

Toward the end of the tour, visitors will see the stainless steel kitchen facilities and be served refreshments donated by the Novato Junior Women's Club.

The hospital was made possible when residents in the present hospital district voted to secede from the Marin General Hospital District in May, 1959. Novato doctors banded together to invest in the hospital for the 75-square miles district, with the same boundaries as the Novato Fire District.

ARCHITECT—George T. Rockrise of San Francisco designed the hospital to be pleasing to patients and efficient for personnel, he says. Robert C. Mountjoy of Mill Valley, working for Rockrise, was project architect.

Rates At Novato Hospital In Accord With County Scale

Rates at the new Novato General Hospital will be "comparable" to rates in other hospitals in the county, Dr. John Siemens, hospital director, said today.

Rates per day for a bed in a four-bed ward will be $24 a day, the same as the lowest rates charged in other hospitals in the county. A semi-private room will cost $25 daily, with other Marin hospitals ranging from $24 to $26 daily. Private rooms will be $30 daily, others ranging from $26 to $34. A listing of what will be included in the rates is available at the hospital office, Siemens noted.

Siemens is administrator of the Ross General Hospital and founder and chairman of the Ross Valley Clinic. He will serve also as director of the new hospital, witih Mrs. J. A. York of Novato as business manager.

Dr. Joseph Sereda is chief of the medical staff. Dr. Ralph Weseman is chairman of the board of directors and Mrs. Harold Avery, head nurse. All Novato residents.

The hospital will be staffed by Novato area doctors with other county doctors having staff privileges. Around-the-clock emergency treatment will be available.

On the staff are Doctors Richard Walker, Fred Lewis, Loe Wagner, Merton Shelton, Hartwell Jewell, Albert Fong, John McGee, Frederick Newirth, Calvin Plumhof, Joseph Sereda, Robert Patocchi, Ralph Weseman, John Siemens, Paul Sather, William McCann, R. M. Dougherty.

FINISHING TOUCHES — Dr. John Siemens, hospital director (at left), confers with Gerald Rubin of Corte Madera on landscaping plans. Rubin is with Lawrence Halprin and Associates, San Francisco landscape architects. James Grossi of Novato, a member of the board of directors, is in background.

GOP Group Appoints Committees

The Marin County Republican Central Committee has appointed a special committee to set up a program of political seminars and educational workshops.

Donald G. Black of San Rafael was named chairman of the committee. Serving with Black will be Jeanne Dausse, San Anselmo; Walter Kieckhefer, Kentfield; Mrs. Virginia Wickersham, Mill Valley, and Clarence Kretchmer, Belvedere.

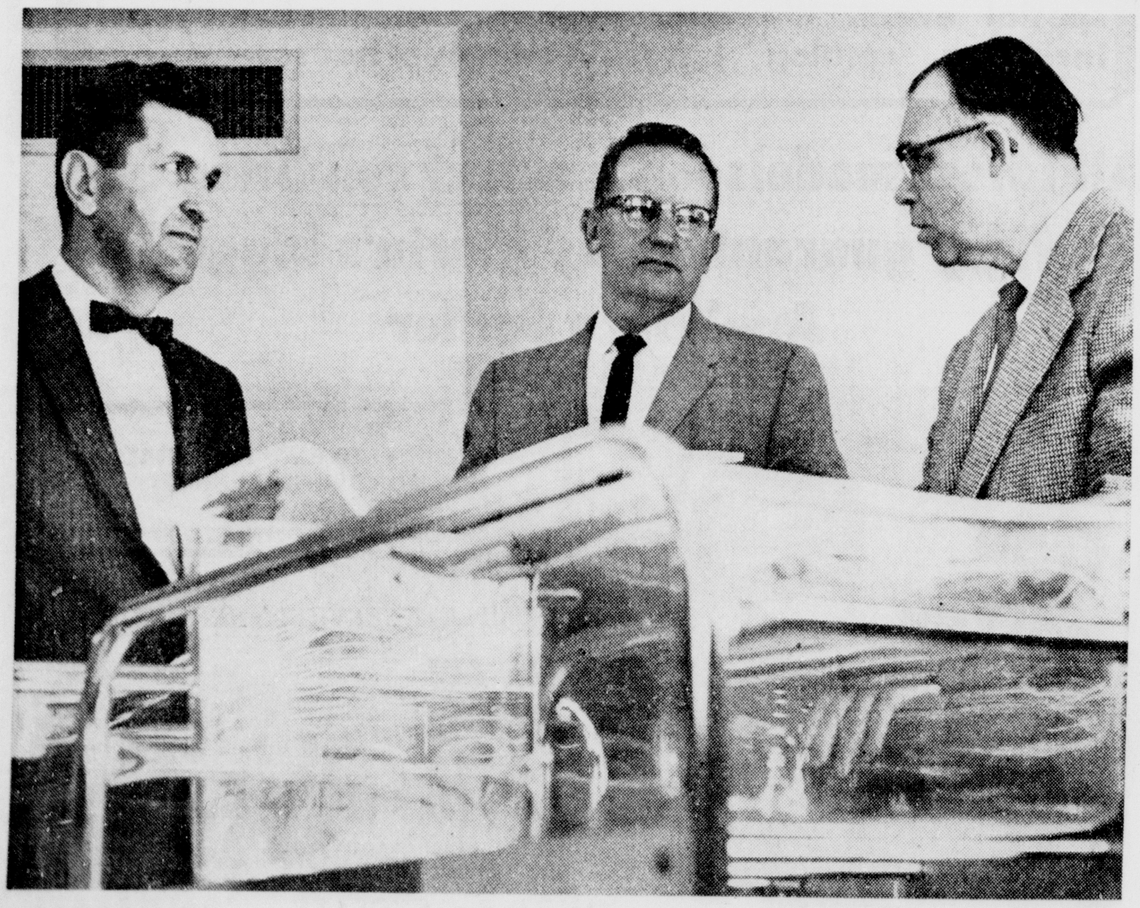

Mrs. Lowell N. Ross of San Rafael was elected to the First District vacancy created by resignation of Mrs. Robert D. Irwin, who has moved to New Jersey. Mrs. Irwin, who was women's vice chairman, was lauded for her work on the central committee. Mrs. Henry P. Sherry of San Anselmo was elected women's vice chairman pro tempore.

Edwin Grundstrom of Novato was made legislative chairman and will report at the March 28 meeting on sending state and national legislation of special interest to the committee.

Mrs. Matt A. Graham, president of the Marin Federation of Republican Women, announced her organization will contribute $100 to the support of the committee headquarters in the Masonic Building.

Abbott Stinchcomb of San Rafael and Kieckhefer were appointed to the State Central Committee by action of the executive committee.

Elmer B. Worlund, immediate past chairman, presided in the absence of chairman David Winslow.

HOSPITAL OFFICIALS—The nursery was the center for a brief conference between (from left) Dr. Joseph Sereda, chief of staff; Dr. John Siemens, hospital director, and Dr. Ralph Weseman, president of the board of directors. Baby bassinets in foreground are molded plastic.

National Guard Assembly Slated

SACRAMENTO (AP) — About 25,000 California Army and Air National Guardsmen will take part in a statewide practice emergency assembly sometime between now and the end of March.

Maj. Gen. Roderic L. Hill, California's adjutant general, said that "Operation Mustard" would mark the second time in the past five years that the entire California National Guard will be mobilized at one time.

BUSINESS MANAGER—Mrs. J. A. York of Novato will be business manager of the hospital. She also has been known to give a helping hand with dish washing chores as the hospital reached the completion stage this week.

AT MAYORS' MEETING

Lack Of Eatery Inspection Hit

Uniform countywide inspection of cafes, bars and restaurants may result from last night's meeting of the Marin Council of Mayors.

Some of the mayors and councilmen attending the dinner meeting at the Lagunitas Club in Ross were startled when Dr. Carolyn B. Albrecht, county health officer, disclosed in a talk on functions of her department that twice-yearly sanitation inspections of eating places and disease checks of food handlers are now required only in Novato and unincorporated areas.

"I am amazed," said Mayor John F. McInnis of San Rafael. "I thought we had that all the time."

Dr. Albrecht explained that the county health department is charged with enforcing state health laws in cities as well as the unincorporated area; but the state laws are "vague and indefinite" and set up no schedule nor requirements for inspections.

The county has an ordinance requiring that all eating places be inspected twice yearly, and all food handlers have twice-yearly checks for communicable disease, including an X-ray or tuberculin test to detect tuberculosis. A higher incidence of tuberculosis is found among food handlers than among the public at large, Dr. Albrecht said.

When Novato incorporated, it adopted the county ordinance and contracted with the county health department to continue to perform the inspections there. The board of supervisors set a fee of $350 per year for performing the inspections in Novato — which several of the mayors present last night declared to be unfair.

Mill Valley has an ordinance calling for inspections of eating places but not for the disease checks of food handlers, said Dr. Albrecht. None of the other cities in Marin has anything beyond the "vague and indefinite" state laws.

Mayor McInnis immediately asked for a copy of the county ordinance. Mayor Philip J. Ehrlich of Sausalito asked that copies be sent to all the cities, as "we'll all probably want to adopt it."

A dissent came, however, from the host mayor, Arthur Kanzee Jr. of Ross. Kanzee said the Ross Town Council had considered adopting the county ordinance but found it applied "even to housewives preparing food in their homes."

"Oh, certainly not!" exclaimed Dr. Albrecht. Mayor Kanzee, however, insisted he was right, and Dr. Albrecht said she would check the ordinance. "We certainly wouldn't want to start making twice-a-year health checks of every housewife," she said.

Dr. Albrecht, who was introduced by Mayor Kanzee as "one of the unsung heroes of the county," said the county health department was established in December, 1942, with a budget for 1943 of $21,750, of which the share paid from county taxes was $8,270. This year's budget is $265,894, with all except about $56,000 paid from county taxes, she said. When set up, the department had a staff of four persons; it now has 34 fulltime employees and one halftime employee.

She said the department's activities fall into "two broad categories": those available to everybody (vital statistics, health education, sanitation, immunization programs), and direct medical and nursing services which "fall into a category of some controversy."

The department must enforce state and county health laws in the unincorporated areas, and must enforce state health laws in the cities if asked to do so, at no cost to the cities.

The department may also enforce city health ordinances by contract with the cities; in such cases, however, the board of supervisors may set a fee.

Several of the mayors and councilmen attempted to get Dr. Albrecht on the cities' side of a long-standing argument between cities and county that the county's services provided in unincorporated areas should be provided the cities at no extra cost. She would go no farther, however, than to say that she had not recommended that the county charge Novato for enforcement of its ordinance.

"This is something you will have to take up with the board of supervisors," she said.

All cities except Belvedere were represented among the 20 persons at the dinner meeting. The next meeting of the Marin Council of Mayors will be held Feb. 23 in Mill Valley —being on a Thursday night instead of the usual Wednesday because the regular date falls on Washington's Birthday.

McInnis Selected Cities Delegate

Mayor John F. McInnis of San Rafael was elected last night as representative of Marin cities on the executive committee of the Assn. of Bay Area Governments.

The election was at the Marin Council of Mayors meeting at the Lagunitas Club in Ross, with voting by representatives of the five Marin cities which belong to the Bay Area association: San Rafael, Mill Valley, Corte Madera, Sausalito and Larkspur. McInnis was nominated by Mayor Philip J. Ehrlich Jr. of Sausalito. He was the only nominee.

The association (called "A-bag" for short) is intended as a vehicle for discussion—and lobbying—on joint problems of the 80-odd cities in nine Bay Area counties. Mayor McInnis, who has been its principal advocate in Marin, last night urged that all cities in the county become members.

"I truly believe it is going to be one of the major influence factors in development of the San Francisco Bay Area," declared McInnis.

Burner Firm To Shut Plant Here April 1

H. C. Little Burner Co. will shut down its San Rafael heating equipment plant April 1, and sell the property at auction in mid-April.

This was announced yesterday by R. H. Ginther, vice president and general manager.

Ginther said an auction will be held to dispose of the present five-acre site, plant, buildings and surplus equipment at DuBois Street and Woodland Avenue. The San Rafael plant has 65,000 square feet.

Immediate reason for the shutdown, Ginther explained, is that the parent firm of Bastian-Morley Co. of La Porte, Ind., has lost a water heater contract with the nationwide Crane Co.

"This may sound temporarily discouraging but there are brighter sides to the picture," Ginther continued. "One thing is certain: We are thoroughly 'sold' on Marin operation and we expect to be back, perhaps soon."

The immediate future includes plans to continue production of the H. C. Little line of heating equipment on a reduced scale at a smaller plant in Sebastopol, acquired a year ago. Ginther said as many as possible of the San Rafael employees will be absorbed at Sebastopol.

The organization meeting was held last Friday at Tiburon Tommy's and a steering committee was selected to draw up bylaws and plan the next meeting.

Committee members are Robert Harmon, chairman, Robert Beyries, Mrs. Glory Carlberg, Mrs. Stanley Dick, E. Patrick Healy, John Kampmeyer, Bruce Merrill, William Rafter, Mrs. Oliver Smith and Peter Sutter. The club also voted to affiliate with the California Democratic Council.

Father Starts Jail Sentence

Richard Henry Fields, 26-year-old San Rafael house painter, began serving a 10-day jail sentence for failing to support his two children.

Judge Harold J. Haley of Marin Municipal Court sentenced him for violation of probation.

Fields had been convicted of non-support last July and put on three years' probation. San Rafael police arrested him Tuesday night at a Fourth Street bar because he had not been sending weekly checks to care for his two children, who are in foster homes.

2 Marin Schools Get Certificates

Two high schools in the Tamalpais Union High School District, Drake and Redwood, have won certificates from University of California for the grade points earned by their 1959-60 graduates as freshmen at U.C.

Frank L. Kidner, dean of educational relations, notified Donald Kreps, principal of Redwood High School, and Harold Allison, principal of Drake High, of the awards.

Six high schools throughout the state received awards, out of approximately 600 which entered, according to Supt. Chester G. Carlisle of Tamalpais High School District.

Although it was the first time Redwood High has won the award, Drake was a winner in 1958.

Vikings Pass Up Old Pros For Younger NFL Talent

Marin Golfers Win Amateur Division In S.F. Tournament

Seven Marin County golfers participated in yesterday's pro-amateur event at the San Francisco International Open Golf Tournament—and two of them shared top honors among the amateurs.

They are John Woodson of the Meadow Club in Fairfax and Tom Dixon, meat buyer for United Markets in San Rafael. Woodson helped pro partner Bob Gotez of Tulsa, Okla., to a best ball card of 61 while Dixon and pro Billy Casper of Apple Valley also had a 61.

Other Marinites competing were George Frazer, Dante Tognoli and Vic Regalia of the Meadow Club and Paul O'Pizzi and Bob Vanucci of the Marin Golf Club.

Frazer and pro Fred Hawkins carded a 64; Tognoli and Doug Ford turned in a 65; O'Pizzi and Don January were 67; Regalia and Henry Williams Jr. also were 67 and Vanucci and Bobby Nichols were out of the money.

Dixon, a resident of San Francisco but well known in Marin for his victories in the San Anselmo Businessmen's tournaments, also qualified as an amateur to compete in the open medal play competition at the International tournament.

His pro partner yesterday, Casper, fired a 66 following his Tuesday warmup of 65 in a sensational streak that has established him as a favorite in the star-studded field that tees off today.

Yesterday's golf was played in a rainstorm that drenched the par-71 Harding links—a surprise since northern California has experienced its driest winter since 1897.

GOLFERS DRENCHED

Drenched golfers could hardly believe it as the storm hit, but more of the same was expected for today's first round of the 72-hole, $57,000 tournament.

Following Casper among the pros yesterday were Gary Player of South Africa and Bert Weaver of Daytona Beach, Fla., each with a 68.

Bob Rosburg, winner of last week's Bing Crosby event, had a 70. Ken Venturi and Arnold Palmer were among those carding even par 71s.

Today's starting field included a host of foreign stars, many of them competing by special invitation.

Still the favorites at the start were Palmer, Casper and Venturi, who did much of his teenage golfing at Harding, where his father is a pro.

Pro-Am Events Main Reason For High Purses On Pro Golf Trail

HANLEY

A decade ago tournament purses of $10,000 were considered big loot by the touring pros. Today the PGA won't consider anything under 20 grand and prefers more sizeable pots, such as the current $57,000 Lucky International at San Francisco's Harding Park.

The five California tournaments—Los Angeles Open, San Diego Open, Crosby Invitational, the Lucky and next week's Palm Springs Classic—start the pros off in 1961 with more than walking around money, a quarter of a million to be precise.

That's more than half of the total prize money for 1951 when the pros were willing to work a whole year for $400,000. This yera 44 tournaments will provide $1,500,000, and it will be divided much more equitably than the manner in which the spoils were divided a decade ago.

In 1951 if a pro didn't place within the first 20 he got nothing and 20th place was good only for carfare. Of those $10,000 purses, half usually was earmarked for the winner, runner-up and third—$2,000, $1,500 and $1,200.

NOW THE prize money is substantial enough to take care of the low 50 as the Lucky is doing. The winner at Harding will receive $9,000, a healthy boost over the victor's customary share of $2,000 in 1951. But 17th place in the Lucky is good for $1,000 whereas a decade ago it would have netted only $100. The 50th man in the Lucky will get $110.

The steadily increasing golf purses are due in part, of course, to the general inflation of the past decade. However, the chief reason is traceable to a new policy the PGA has been pushing the past couple of years. That's the Pro-Am events.

THE PRO-AMS have stimulated local interest in tournaments by permitting approximately 100 amateurs to test their skills with the nation's greatest players. Most amateurs enthusiastically welcome this opportunity to play with the master shot-makers and just as enthusiastically get behind the tournaments as volunteer promoters.

Thus, the PGA not only has enlisted a hard corps of competent promoters but has made its own pros happy at the same time. The pros are pleased because the Pro-Ams preceding tournament play give them an opportunity to test a course under competitive conditions and get paid for it.

IT WOULD BE necessary for them to take a couple of practice rounds in any event. Now, the Pro-Ams provide the necessary practice with additional booty, such as the $5,000 in yesterday's Pro-Am of the Lucky.

Ultimately the PGA hopes to couple a Pro-Am with all of its tournaments. It's a smart, enlightened policy that is paying off aesthetically to the amateurs and in a different, but equally satisfying way, to the pros.

BOWLING

Stars of the Redwood Motors team in Tuesday morning's Coffee Cuppers League at Greenbrae Lanes teamed up for a high scoring one-two punch in this week's action.

They were Lee Golsch with a sizzling 584 series on games of 228, 161 and 195 and Jean Molino with a 513 total of 179, 156, 178.

Their team has won the first half title of the split schedule.

Other leaders were Chris Griffen 479, Bea Heim 476, Corina Bacigalupi 464, Verna Cyr 452, Sylvia Knutsen 450.

Corina Bacigalupi converted the 6-10-7 split.

Fugazy, president of Feature Sports, Inc., said he already has discussed the situation with Paul Pender and Gene Fullmer, co-holders of the world middleweight title. Pender, of Brookline, Mass., is recognized by New York, Massachusetts, Britain and Europe. Fullmer, of West Jordan, Utah, is the National Boxing Assn. champion.

Fugazy said he was interested at first in promoting the fight in early April. He said Fullmer told him he couldn't be ready that early because of his title defense against Sugar Ray Robinson in Las Vegas, March 4.

Tiburon Peninsula Little League today announced registration of players for the 1961 season will be held Saturday, Feb. 4, 10 a.m. to noon, at Reed School in Tiburon.

The league also announced a special meeting for parents is scheduled 8 p.m. Feb. 2 at Reed School to outline the league program, answer questions and show a Little League film.

League President Bill Carroll said Tiburon will add a new "farm team" program this year to accommodate the overflow supply of players. The farm teams, he said, will be for boys 8 and 9 years of age who have never played Little League before.

Rosburg Was Hitting 'Em Good At Age Of 2

By MOE RAISER

SAN FRANCISCO (AP)—Robert Reginald Rosburg was given a tiny set of golf clubs when he was a year old.

At two, he was making amazing shots at Lincoln Park's golf course.

Bob Rosburg, now 34, sank a tough 14-foot birdie putt at Pebble Beach last Sunday that won for him the $5,300 first prize in the $50,000 Big Crosby Tournament.

Now he is playing in the $57,000 San Francisco International Golf Tournament at Harding Park. There is a $9,000 first prize.

But let's go back more than 30 years.

Rosburg's father, the late Dr. A. H. Rosburg, was living in Rochester, Minn. He and his wife wanted to play golf more often so they moved to San Francisco.

Bob Rosburg was born Oct. 21, 1926.

TOY CLUBS

When the child was a year old, Dr. Rosburg bought him a set of toy clubs. At 16 months Bobby hit a good midiron shot.

Now for some quotes from a story I wrote at the time:

"At two years of age the young golfer was taken by his father to Lincoln Park where the child made his shots on the regular course.

"Golfers marveled at the child's form and ease in hitting the ball.

"Bobby likes to sock 'em. On his third birthday he teed up seven balls and drove them straight down the fairway.

"The ball which traveled the greatest distance was measured at 67 yards. This by a golfer who makes the scale groan to the tremendous weight of 34 pounds.

"'Good shot, Bobby!' Dr. Rosburg exclaimed as the boy slammed out a nice drive.

"'Yes, but rotten form on that one,' the child replied.

"The child, observers say, seems to have perfect coordination of mind and muscle."

Dr. Rosburg at the time said he believed in "teaching him young" and letting his son chose his career.

Rosburg as a child had a marvelous putting touch and used the baseball grip, as he does to this day.

He never has broken 70 on the 72-par Harding Park course.

"But I hope," he said, "to change that this time."

Giants Slash McCovey Pay For '60 Flop

First baseman Willie McCovey yesterday officially signed his 1961 contract with the San Francisco Giants.

It was believed he took a small cut from the $14,000 he received last season.

McCovey was "Rookie of the Year" in 1959 as he thumped the ball at a .354 pace after coming up in mid-year. Last year, his average slumped to .238 and he spent part of the year back in the minors.

Giant officials pointed out that the 6-foot-4 McCovey has shed the 25 pounds he gain prior to last season and also said his knee, which was injured last year, has healed.

Manager Alvin Dark says he will give a long look at McCovey at first during spring training. Dark is debating whether to put McCovey or Orlando Cepeda at first; Cepeda or Harvey Kuenn in left and Kuenn or Jim Davenport on third base.

McCovey is the left-handed hitter of the bunch. In fact he appears to be the only southpaw power slugger on the squad.

Novato Wrestlers Clout Mt. Diablo

Novato High School's wrestling team won eight matches and drew in three others yesterday in a convincing victory over Mt. Diablo High.

Novato winners and their weights were Steve Barrett (175), Bob Remley (165), Gene Lowen (154), Doug Simpson (145), Jim Corriea (127), Walt Halkovich (120), George Van Dyke (112) and Ken Marder (103).

Battling to draws were Len Williams (138), Rocky Waite (133) and Bill Carrigan (95).

Player Pool Starts To Stock Minnesota Club

NEW YORK (AP)—The Minnesota Vikings, newest member of the National Football League, began picking a roster today from 96 players offered by other league members. The first selections came from the New York Giants and Cleveland Browns.

The Giants sold the Vikings Frank Youso, offensive tackle; Bill Kimber, offensive end, and Don Boll, offensive tackle. Youso is a former University of Minnesota star.

From the Browns, the Vikings selected Rich Mostardo, a defensive halfback; Gene Selawski, offensive tackle, and Fred Murphy, an offensive end.

The Vikings also purchased: From Washington, Red Stephens, an offensive guard, Dick Haley, defensive end and halfback, and Bill Roehnelt, a linebacker.

From Philadelphia, offensive guard Jerry Huth, center Bill Lapham and defensive halfback Gene Johnson.

Each of the 12 clubs offered eight players from which Minnesota could pick three.

EYE ON FUTURE

Bert Rose, general manager, said the Vikings are accenting youth, with an eye on building for the future.

Coach Norm Van Brocklin, talent scout Joe Thomas and Rose spent most of the night wrestling with the selections. They set up two blackboards in a hotel room, one for the names of offensive players, the other for the defensive men. First they put down the names of the 20 college rookies they had drafted and quarterback George Shaw, acquired from New York in a deal. Then they tried to sort out the best of the available men into balanced units.

NO SURPRISES

"There were no particular surprises on the lists," said Rose. "We were only about 15 per cent off in our guesses. Some clubs put veterans on the list who have close ties in their own areas and are nearing retirement age. We weren't allowed to contact the players first. If they decide to retire after we took them it was just tough luck at over $15,000 each."

Rose said the Vikings were building for the future and expected to emphasize youth with a sprinkling of veterans. "Our fans don't expect too much the first year," he said.

The league probably will settle for a 14-game schedule, an increase of two games over the 1960 chart. However, there is some sentiment for 13 games.

School Band Gives Concert Tonight

The Hill School Band will give a concert at the school auditorium tonight in Novato.

Beginning at 8 p.m., students will play music ranging from Haydn chorales to John Philip Sousa marches. Folk songs, modern tunes, and old timers such as "In The Good Old Summer Time," a Scots march, and bit of Irish ballad and some rowdy sailor songs will round out the program.

The band is directed by Gerald Ring.

REDWOOD STAR SIEMENS IS PREP OF WEEK

Roger Siemens, popular all-around athlete at Redwood High School, joined a select list of other Marin County athletes today when he was named Marin Athletic League's "Prep of the Week" for his starring performance against Tamalpais High School Tuesday.

Siemens' all-around excellence and 12 points were instrumental in Redwood's crucial 40-39 victory over the Tamites, keeping the Giants undefeated in the league race after four games.

Siemens today received a "Prep of the Week" certificate from the Independent-Journal and Radio KTIM.

The high school league resumes play tomorrow night with another big game on tap at Redwood where the Giants (4-0) meet the dangerous San Rafael Bulldogs (3-1). Other games are Tamalpais (2-2) at Novato (0-4) and Marin Catholic (1-3) at Drake (2-2)

Hawaii U. May Drop Football

HONOLULU (UPI) — Football at the University of Hawaii appeared doomed today following a Board of Athletic Control vote yesterday to discontinue the sport for financial reasons.

The board voted eight-to-one to drop football. Hawaii lost more than $10,000 on home games during the 1960 season.

The matter now rests with the University Board of Regents which is scheduled to meet today. But there was no indication the regents would act on the board's decision.

Hawaii has $60,000 in guarantee commitments for the 1961 season. This includes a $32,000 guarantee to the University of Oklahoma.

Other teams on the 1961 Rainbow schedule include the University of the Pacific, Brigham Young, Washington State, San Jose State, Los Angeles State, Pepperdine, Fresno State and the University of Arizona.

University president Laurence Snyder said two days ago that he was in favor "as an individual" of dropping football.

Golf Pros Act Like Hams On TV; More Courage Would Help McCovey

CONNOLLY

It is quite natural for old squirts to sit themselves down in front of the TV or radio, and find fault, flaws and failings, even with guys like Russ Hodges or Lon Simmons, the best.

Old timers put on the mental pressure, as it were, and I was hunting for something about which I could write about the recent TV Bing Crosby golf clambake. I wanted to really "razz" the plush guys lucky enough to be invited, and wealthy enough to pay the freight over the weekend.

But I'll be derned if I don't have to seem like an old crab. I couldn't find fault with anything except the competing golfers who strutted before the TV camera, idly sizing up a putt, taking their handkerchiefs out to determine which way the wind was blowing, and doing, unconsciously, everything in their power to consume golden minutes which the sponsor was paying for in the high brackets.

Why can't golf be regulated, especially pro golf, to allow only a few minutes to each golfer to approach his ball and take a swipe at it. It might save the game and get a lot of new sponsors.

WILLIE McCOVEY, the Giant first sacker and an old scarecrow from Mobile, Ala., is popping off about why he didn't make good last year. He blames it on his weight, on his batting instructors and on his timing.

But the "Lovey Dovey Boy" doesn't seem to remember that nobody put McCovey in jeopardy but himself.

If you have ever played baseball, you know that it is a sport for guys with courage. All the batting coach instructions, the size of the bat and the way you stand up, fade if you haven't got the courage of standing up to a pitcher.

McCovey acted last year like a guy who was scared to death and the pitchers made him look like a boob.

I think McCovey can hit and to all fields, but I think he must first get a few more holes punched in his belt and step up to the plate and say to the pitcher, "Put 'er in here boy, and I'll drive it down your throat."

ISN'T IT about time that the "bowl" football games come out in the open and tell the public what it is all about.

The Rose Bowl in Pasadena, probably the finest in the land, has no secrets. They dish it out where and whenever they have to. The gouge has become a legitimate bite for colleges and charity.

The Shrine game in S.F. is for a good and soulful purpose, but it also smacks of commercialism. They hire press agents the year round, they put the bit on every big business and they simply maneuver to bring more money for charity.

I've never once complained about the Shrine game because I was one of the first to boost the idea. Which, by the way, was a take-off on the Knights of Columbus East-West game promoted by the late Joe O'Connor. The K.C. boys couldn't finance it and Brice Hoffman, a friend of my late pal Jack Spalding, copped the idea and takes all credit for it.

I'd like to tell Mr. Hoffman how little he had to do with starting the Shrine game. It might shrink his ears.

WILLIE MAYS, perhaps the highest priced ball player in slavery, did a little rasslin' the other day with his 1958 ghost writer. He said he'd like people to leave him alone on his personal life and talk about his baseball.

I think Willie is right. But if he expects to get the salary he is supposed to be getting, he'd better quit worrying. Without the public delving into his personal life, and what he does or does not do, Willie Mays is not worth his salary.

Big salaries are paid guys because they are "hot" copy. Sure, they have to be good in their particular field. But if the public can't horn into their private life, then they become another guy on the sidewalk.

The best way for Willie Mays to keep people out of his private life is to live like the average husband and if there is a "beef," it never should get past the front door.

MUSIAL SIGNS FOR PAY CUT

Stan "The Man" Musial has pen in hand and arm around veteran St. Louis Cardinal Secretary Mary Murphy as they pose for pictures during his contract signing ceremony yesterday. Looking on is August Busch Jr., club owner, who said Musial agreed to an "adjustment" in pay for the 1961 season. It is believed the veteran star will receive $75,000 as compared to his $80,000 last year. (AP Wirephoto)

Baseball's Grand 'Old Men' Spahn, Stan The Man Sign

By U.P. INTERNATIONAL

Stan Musial and Warren Spahn are signed, satisfied and set today for a 1961 baseball season in which both may reach career-capping milestones.

Musial signed for an estimated $75,000 with the St. Louis Cardinals yesterday while Spahn agreed to an estimated contract of between $72,000 and $75,000 with the Milwaukee Braves. Musial already has passed the 40-year-old mark and Spahn will become 40 on April 23.

Musial needs 137 hits this year to set a new National League record of 3,431 hits for a lifetime. He should be very close to that figure by the end of the season if he can approximate his 1960 pace when he hit .275 in 116 games.

Spahn, with 288 victories, needs only 12 more to become the seventh 300-game winner and the first National League left-hander to reach that goal in history. He turned in a record 11th 20-win season when he had a 21-10 record in 1960 and he also pitched the first no-hitter of his career.

General Manager Bing Devine of the Cardinals said Musial's contract "is one of the highest in the major leagues and we agreed on it within 30 seconds." Musial is believed to have accepted a slight reduction from his $80,000 figure of the last few years because he realizes he no longer can play a full 154-game season.

Spahn said that his arm felt as fine as ever and that he expected the Braves to "be in the pennant race all the way." Spahn is believed to have received a raise of about $5,000 from the $67,000 he made last year.

Ron Waller Sues Chargers For Pay

LOS ANGELES (UPI)—Former halfback and sometime boxing promoter Ron Waller is suing the Los Angeles Chargers of the American Football League for $25,000 he claims the club owes him on his 1960 and 1961 contracts.

Waller, who also used to perform for the University of Maryland and the National Football League's Los Angeles Rams, said yesterday in his suit that the Barron Hilton-owned Chargers set him adrift in violation of the contracts when he injured his leg in a game.

Record Night Schedule Set For National League In '61

CINCINNATI (UPI) — The National League's baseball players are in for more night work than ever before.

The official schedule, made public yesterday, calls for 318 night games, four more than the previous high of 314 during the 1960 season.

The season-opening games on April 11 will have Chicago at Cincinnati, St. Louis at Milwaukee, Pittsburgh at San Francisco and Philadelphia at Los Angeles. The game at Los Angeles will be the first night contest.

The "second" openers will be a bit broken up by reason of two eastern clubs — Philadelphia and Pittsburgh—starting the season on the West Coast. Chicago will have its home opener against Milwaukee on April 14 and Cincinnati will be at St. Louis for the Cards' opener that night.

Philadelphia and Pittsburgh won't open at home until April 18. The Phils will entertain Milwaukee in a night game and Chicago will be at Pittsburgh for a day contest.

Los Angeles will be the busiest night performers at home with 60 games under the lights.

L.A. Angels Hire Promotion Chief

LOS ANGELES (UPI)—George Goodale, a baseball man who should know every seat and brick in the place, will be back in Wrigley Field this season as promotion director of the new major league Los Angeles Angels.

Goodale was for 12 years director of publicity and promotion for the old Los Angeles Angels of the Pacific Coast League, one of the Chicago Cubs' best farm teams.

Leader Card Roadsters Entered In 500-Miler

INDIANAPOLIS (AP)—Entries for the Memorial Day 500-mile race at the Indianapolis Motor Speedway included two new Leader Card roadsters which will be driven by Johnny Boyd of Fresno, Calif., and Rodger Ward of Indianapolis, the 1959 winner.

QUOTING THE STARS

Everyone A Comic In Sports World

SAN FRANCISCO (UPI)—In sports, everybody's a comedian:

Buck Shaw, retiring coach of the Philadelphia Eagles—"About a quarter of a century ago I had a string of victories going at Santa Clara. I was feeling pretty good about it. I asked my wife if she knew how many really outstanding coaches there were in the country. 'I don't know,' she replied. 'But I'm sure there is one less than you think.'"

BILLY CASPER, the golf great, who annually makes about $50,000 on the circuit—"I shot that record 65 at Pebble Beach the other day because I needed enough money to get to San Francisco for the next tournament. I would have been eliminated without a great round. This way I picked up $450 for the week's work."

LEO NOMELLINI, veteran San Francisco 49er tackle, giving some advice to Bill Kilmer, who'll try out with the team this summer—"I'm sure UCLA is a fine school. But your education is just starting. You'll find the pros a bit bigger, a bit faster and a bit smarter—but they can't be too darned smart or they wouldn't be playing pro football."

EDDIE BRESSOUD, San Francisco Giants shortstop, when asked what he thought about new manager Alvin Dark—"We went down to Pebble Beach last week to see him play in the Bing Crosby golf tournament. And believe me, I think we're gonna be able to afford a few mistakes of our own this year."

Y. A. TITTLE, 49er quarterback, looking over a crop of four other signal callers on the roster and possibly worrying about his age—"What I like about the 'shot gun' offense is the fact that it requires a lot of quarterbacks."

EDDIE ERDELATZ, coach of the Oakland Raiders, bemoaning the fact the club is having trouble signing up new players—"It looks like we're going to have the same players back at Oakland next year. You see we want the fans to become well acquainted with our personnel."

AND THERE'S the story out of Dallas about H. L. Hunt, when asked if he was worried about the financial bath his son is taking in the new American Professional Football League. The son, Lamar, reportedly lost about $500,000 last year.

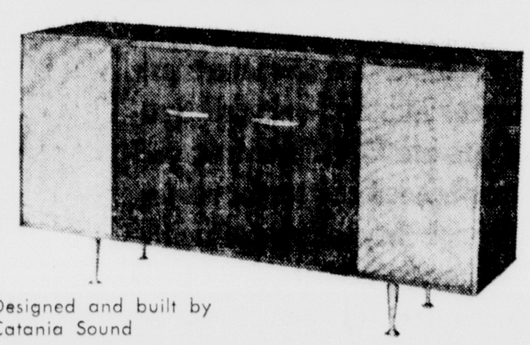

"At the rate the boy's going," said the fond sugar-daddy, "he'll probably wind up broke in about 124 years."

MY PAPA'S A PHOTOGRAPHER

There's nothing like having a photographer in the family to record the daily doings of children. Control In Doubt In El Salvador

GUATEMALA (AP)—Control of El Salvador was in doubt today after a revolt by a self-proclaimed anti-Communist military junta and reports that supporters of the previous leftist junta were making a stand.

Troops loyal to the former ruling group were reported dug in at Zapote Fort in San Salvador, strongest military post in the capital and located just across the street from the government palace held by the rebels. But reports filtering across the border said the new junta was negotiating with the armed holdouts.

Details were still sketchy as to the state of the revolt which erupted yesterday in the smallest of the 21 American republics.

A member of the new five man junta, Antonio Rodriquez Jort, broadcast over El Salvador radio that his group had full command over the armed forces. Port said his group had acted because the country faced "very serious danger" from forces of both the extreme right and extreme left.

Reports from across the border said the rebel command had arrested a number of leftist leaders and that students were demonstrating in favor of the old military-civilian junta that threw out President Jose Maria Lemus on Oct. 26.

Travelers arriving from El Salvador in Managua, said a child had been killed and a member of the former junta wounded in fighting which followed the revolt. The official was not identified.

These travelers said martial law has been clamped on the tense capital. Other reports reaching Guatemala told of looting in downtown San Salvador with some stores ransacked.

All normal communications with the city were cut off, but commercial planes still used the capital's airport, six miles outside of the city.

The new junta, which labeled itself "eminently anti-Communist," was headed by Col. Alonso Castillo Navarette, 40, minister of defense in the former Junta. The others were identified as Col. Anibal Portillo, chief of staff in the old junta; Col. Armando Mena Molina, Lt. Col. Julio Ribera and Dr. Port, wealthy conservative lawyer.

The government which took over in October expelled President Lemus from the country as a tyrant. Charging the ousted president had ruled by terror, it lifted a state of seige imposed by him, dissolved his congress and legalized public meetings. Lemus fled to neighboring Costa Rica and dropped from sight.

Housewife Freed Of Knife Charge

San Anselmo housewife Marilee Ann Hoeflein, 21, accused of attacking her husband with a kitchen knife last October, was freed of the charge yesterday in Marin Municipal Court.

On the recommendation of the district attorney, Judge Harold J. Haley dismissed the charge against Mrs. Hoeflein. Deputy Dist. Atty. Harold F. Wolters said the husband, Gerald, who signed the original complaint, does not want to press the charge.

At their home at 770 Sir Francis Drake Boulevard last Oct. 22, Hoeflein suffered a cut on the right thumb.

Club To Elect

The Bolinas Beach Improvement Club will elect officers at its potluck dinner meeting at 7 p.m.: Feb. 4 at the Mesa Clubhouse, Frank A. Fuller, president, said today.

Lagoon-Type Plan Sifted In Novato

A committee of the Novato City Planning Commission today sifted through plans for a 212-acre lagoon-type development near the city.

The area, to be known as Bel Marin Keys, would be located just north of Hamilton Air Force Base and ultimately be annexed to the city.

Committee members Don R. Hoffman, Henry J. Kaehler and Alfred Bellucci will report to the full planning commission at a special meeting at 8 p.m. Monday at the city hall. The planning commission requests will be heard at a Feb. 6 meeting of the county planning commission when detailed plans for the development will be up for county approval.

Planners today checked lot sizes, set-back requirements, paving widths and other details with developer Jack H. West and David Van Pelt of the county planning staff.

Lagunitas Trustees To Push For Site

Negotiations for three acres of land west of the Lagunitas School are to be completed, it was decided by the district board at a special meeting last night.

Robert S. Vierra of the State Department of Finance was present, as was assistant county counsel Douglas J. Maloney. Most of the meeting was taken up with discussion of state requirements.

It developed that the district was complying with these with reference to maximum bonding and the amount of land necessary. By state formula, Vierra said, a school must have five acres plus one more acre for each 100 students, which makes the total Lagunitas requirement 10 acres on an anticipation of 500 students. Seven acres are now held.

The board decided there would be no school for the pupils tomorrow but a long day for the teachers, who are to hold an institute starting at 8:30 a.m. Morning discussion will be on new textbooks for next year and an ungraded type of classroom organization. In the afternoon will be Parent-Teacher Assn. conferences.

Fairfax Planning Commission Slates Election Tonight

The Fairfax Planning Commission will elect a chairman and secretary at its regular meeting tonight at 8 o'clock in the city council chambers.

Chairman of the commission formerly was elected for an indefinite period, but last month the city council directed the planners to hold an election at its first meeting on alternate years. Current chairman, Daniel H. Miller has held the office since last November (replacing City Councilman Stanley Wilsey). The board has not had a voting secretary before, only a paid stenographer.

The planners will also consider a resolution recommending the long-in-preparation comprehensive zoning ordinance to the city council. They sent the ordinance to the council last month, but had neglected to approve the resolution.

Governor Conference

Gov. Edmund G. Brown will hold an informal news conference tomorrow over San Francisco radio station KCBS. He will answer questions telephoned by listeners during the "At Your Service" program from 3:10 to 5 p.m.

COMPACT CARS MAY NOT NEED SMOG CONTROL

SAN FRANCISCO (AP) — Compact cars may not need anti-smog devices in California.

That comment came yesterday from Dr. John T. Middleton, chairman of the State Motor Vehicle Pollution Control board, a University of California scientist.

He said some compacts appear to produce so little smog that they may get by without installation of an anti-pollution device.

Dr. Middleton mentioned this at a news conference at which he said auto manufacturers seem to be stalling on research programs to combat smog.

Dr. Middleton said his board will prod the auto makers by sending an engineering group to Detroit soon to ask such questions as :"Is the race still on for horsepower?" and "What are you doing about engine design modifications?"

Litchfield Enters Innocents Plea

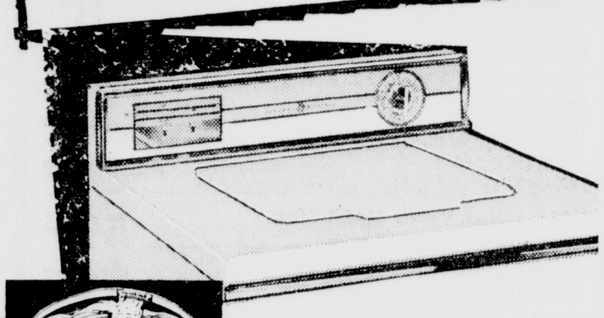

Irving B. (Whitey) Litchfield, owner of Bermuda Palms Motel in San Rafael, pleaded innocent yesterday to a charge that he failed to make required payments to the welfare fund for his employees.

He is charged with violations of the state labor code last February, June and December.

Litchfield indicated he would act as his own lawyer and demanded a jury trial. Judge Harold J. Haley of Marin Municipal Court set the trial for 9:30 a.m. March 2.

Heim Offers Dance Line For Spring

PARIS (UPI) — Jacques Heim offered the "Dancing Line," featuring swinging skirts and cha cha dresses with the shortest skirts seen in Paris so far this year.

The Heim line promised to be suitable for schoolgirls as well as clubwomen.

The dancing line was based on a flaring princess silhouette. Dresses in bright flower shades looked like the blooms of morning glories springing open around the feminine body. Swinging capes covered gay cha cha dresses with swirling skirts.

Skirts came down only to the kneecap.

For dancing in the dark, a shocking pink organdie dress had the princess flare and a three-tiered skirt with ostrich plumes trimming the three hems.

Young designer Guy Laroche showed a collection of youthful, casual and easy-to-wear spring styles.

Smartly styled and new-looking for spring, Laroche's clothes seemed adaptable for the international fashion market.

Like most French designers, Laroche had his own version of the "Flared Look" for 1961. Suit jackets and coats were rather straight-lined but they were shown with skirts or dresses spreading through pleats toward the short hemline. Laroche used box-pleats, knife-pleats and even double pleats on skirts and also showed entirely pleated silk dresses.

Slim reefer and cardigan-coats had bindings in opposite colors around neck and front. A navy-blue cardigan-coat with a red binding looked very smart over a pleated red crepe dress.

Women Spend Money For Variety Reasons

We women spend money for a variety of reasons, not all of them based on need apparently. A fashion trade publication quoted one buying office executive as giving these reasons for female purchasing:

—Because her husband says she can't have it;
—It comes from Paris;
—It will make her look thin;
—The neighbors can't afford it;
—Nobody has one;
—Everybody has one;
—It's different.

VIEW THEME 'SAFARI' ON THURSDAY

For a "Safari Into Spring" where will you go?

To the sun — or to the snow?

"Fashions With A View" the delightful Thursday luncheon at the distinctive Ondine in Sausalito will ask the question of sun lovers, snow devotees, tourists and travelers when it is safari bound next week at 12:30 p.m.

Guiding Thursday's "Safari Into Spring" will be the popular pair, Nancy and Al Loeffler furnishing the fashionable know-how plus battens, boards and toggery from their unique Sausalito shop.

Inspiration for Thursday's Fashions With A View comes from the guest-with-a-viewpoint, Mrs. John J. McCarthy, who with her husband, Senator McCarthy, embarks on a special "Safari Shuffle" the night of Feb. 11 at the Meadow Club to raise funds that will aid a Maryknoll missioner in the building of a hostel for lepers in Tanganyika.

For a south wind blowing to Palm Springs, Carmel, Acapulco or Belvedere, the Thursday guests will view The Glen of Michigan colorful coordinates, nautical and knowledgable knits, striking swim suits and beautiful boatwear.

For junkets to Sun Valley, or Sugar Bowl, county carpooling, or after five by the fire, imported stretch pants, bulk knit sweaters, late day looks and safari accessories will complete the fashionable excursion.

Reservations to take a "Safari Into Spring" and hear more about the fascinating project of Senator and Mrs. McCarthy may be made by calling the Ondine.

The Maid Of Cotton Endorses Culottes

NEW YORK (UPI) — Culottes r[illegible] full endorsement of one of fashion's most fabulously dressed women—the Maid of Cotton.

The 1961 maid, Linda Lackey, 19, of Forest, Miss., included culottes for daytime, datetime and active sportswear in the wardrobe which she will wear on her 30,000-mile tour of the United States, Canada and Europe as goodwill ambassadress for the cotton industry.

Miss Lackey, a tall, brown-haired, blue-eyed beauty, and a whole batch of professional models unveiled the all-cotton wardrobe yesterday at a fashion show in conjunction with the 34th annual convention of the Association of American Soap and Glycerine Producers.

The wardrobe, created by 42 of America's foremost designers, demonstrated the beauty, comfort and easy care of you-know-what fiber. Margot Herzog, fashion director for the National Cotton Council, assembled the wardrobe which will fill more than 20 pieces of luggage. Miss Herzog would not estimate how much the wardrobe cost.

It included costumes for town, travel, for the beach, and for formal evenings.

The culotte, or divided skirt, showed in a date suit of gold cotton damask. The skirt came with panels to disguise the pants look. Shorts and sun dresses also had divided skirts.

Nat'l Nursery Education Week Being Observed In The County

This week, Jan. 22-29, has been designated as National Nursery Education Week. Nursery education has been given national attention because of the intensified need for organized pre-school programs in this country.

Why are nursery schools on the rise? What purposes do they serve?

As population has expanded, open spaces for climbing and exploring have bemoce almost non-existent. Most families cannot afford to buy equipment to aid in development of children's larger muscles, and nursery schools provide such equipment.

They also furnish other experiences to enrich and develop the small child. The variety of musical experiences, manual arts, books and direct contacts with natural phenomena are of a scope that few individual homes could provide. Children will encounter many of these things later in school, but never again with the same spontaneous capacity for enjoyment as at this young age.

Furthr, homes serve the purposes of many age groups. The pre-schooler must confine his activities so that in many cases he becomes an onlooker rather than a direct participant.

Nursery school provides a relaxed, child-center and child-sized atmosphere. Adult neatness does not have to be maintained at all times, and the child may use all his senses to become a "Do-er."

Finally and possibly most important, nursery school is a place for companionship, for learning to live with one's peers.

Marin County offers many kinds of nursery schools to meet needs of various families.

California in recognizing the importance of nursery education provides funds which the adult education department of the College of Marin uses to sponsor parent-cooperative nursery school programs.

Through these programs parents are given the advantage of professional teachers to help them learn more about their children. There are five such cooperative nursery schools in Marin — in Mill Valley, Corte Madera, San Anselmo, San Rafael and Terra Linda.

There are also a great variety of privately run nursery schools, some very expert in handling children with special problems.

With the wide range of available facilities, there is probably a nursery school to benefit each two and a half to five year old, not as a substitute for the home, but as a supplement to it.

Beta Sig Chapters Plan Gala, Feb. 11

The five chapters of Beta Sigma Phi's Marin Inter-City Council have chosen Feb. 11 as the date for their gala Valentine Ball.

This year, as last year, the Council has selected Marin Aid to Retarded Children (MARC) to be the recipient of the proceeds from the ball project.

Marin Aid to Retarded Children (MARC) is a United Fund Agency that is affiliated with the California Council for Retarded Children and the National Association Reroftrdaed al Association for Retarded Children.

MARC has facilities to handle the retarded nursery school child, as well as the retarded child of school age — with a summer as well as a winter schedule. MARC - Marin also maintains a training center that provides sheltered employment and work training for mentally handicapped young people and adults.

Mrs. E. H. Alwes, general chairman of the ball, and Mrs. James Farris, her co-chairman, from San Rafael's Gamma Omicron Chapter, met recently to integrate the plans being formulated by the chairmen and their committees from the five chapters planning this event.

A Valentine theme has been chosen by Mrs. Jack Megarity and her decoration committee from Omichron Alpha Chapter of Mill Valley. They will decorate the Mill Valley American Legion Hall in varying hues of red accented with white.

Mrs. Robert Jacobson, chairman of "Hall and Band" and the Upsilon Gamma Chapter of Novato, have selected a band to play for the dancing from 9 p.m. until 1 a.m.

Trash Dumping Citation Given

Trash thrown on the Shoreline Highway around Christmas time has just led to a California Highway Patrol citation for appearance in Marin Municipal Court.

A little detective work by George R. Weymouth, 6 Roseback Avenue, led to the citation. He was annoyed to see magazines and envelopes on the road near Loring Avenue in Tamalpais Valley and finally examined several envelopes, finding all addressed to George Golfrey Pritzker of 902 Green Hill Road, Mill Valley, an oil company employee.

Highway Patrolman T. E. McGuire called on Pritzker and issued the citation.

TODAY'S EDITORIAL

Academic Freedom Carries Burden Of Responsibility

The recent book-banning demands handed to the Tamalpais High School District trustees touched off some discussion of, among other things, academic freedom.

By academic freedom, we mean the right of the teacher to teach the truth as he or she sees it.

If any kind of freedom is to endure, those who enjoy it and practice it must be responsible. They must voluntarily assume certain obligations.

Academic freedom places some heavy responsibilities on teachers.

Sometimes we wonder whether these responsibilities are being properly discharged.

Take for instance Steinbeck's "Of Mice and Men," one of the books that some people have demanded be banned from the high school library.

Almost everybody will agree that it gives a reasonably accurate and truthful picture of life among California's migratory agricultural workers of the 1930-depression years.

If you are interested in the sociology of that category of people at that period, "Of Mice and Men" is a must—along with some other of Steinbeck's works.

If you are interested in how an author goes about utilizing fiction writing to present essential truths, "Of Mice and Men" is a fine example to study.

Unlike many, we have never viewed "Of Mice and Men" as a "classic;" we doubt it will be very widely read or much remembered 50 years from now. But it still would probably be worth reading for what it is, if you are interested in the particular subject that it covers.

It is also conceivable that it could be read for prurient interest. It contains a lot of raw language and a few purplish incidents.

If the book is to be recommended for student reading, the teacher has considerable of a responsibility, it seems to us.

Since the book itself makes no mention of its place in literature, the teacher's work is cut out for him or her.

The teacher must explain what it is, exactly, that the book depicts and why it deserves to be read. It must be presented in its proper perspective.

In the absence of any such pedagogy, the book would hardly be worth reading, especially for the young student.

As we say, the teacher who enjoys the academic freedom which makes it possible to offer such books as "Of Mice and Men" must conscientiously and unfailingly discharge the duties and responsibilities that are the counterpart of academic freedom.

The Art Of Misspelling

We, who work around newspaper offices are probably more a w a r e than most people, except perhaps school teachers, that spelling is a fragile thing, often broken.

A psychologist friend tells us there is virtually no connection between intelligence and spelling ability. This reminds us of Andrew Jackson's caustic comment to those who criticized his erratic spelling, "It's a dam poor mind that can't think of more than one way to spell a word."

These words are a great comfort to trembling scribes and proof-readers, to say nothing of ordinary folk who are writing a letter to a hyper-critical relative or employer. The universal fallibility of the human animal can be a great comfort.

THREE MINUTES A DAY

CAST YOUR GOOD UPON THE WATERS

A bottle rode the waves all the way from Long Island, New York, to the exotic shores of Hong Kong.

An 18-year-old lifeguard tossed the bottle with a note into the Atlantic Ocean at Westhampton Beach. He requested the finder, if any, to notify him.

More than a year later the teenager received a postcard from a man in the Crown Colony notifying him that the bottle had been recovered in the waters of Repulse Bay.

Of course, you don't have to throw messages into the ocean to cast your bread upon the waters. Even without realizing it, you can reach the far corners of the earth through your efforts to bring the love, truth and beauty of Christ to everybody.

You will probably never know the extent of your personal influence until you stand before almighty God. But you will rejoice for all eternity if even in a small way you were instrumental in doing what you could to change the world for the better.

"Cast thy bread upon the running waters: for after a long time thou shalt find it again." (Ecclesiastes 11:1)

Woman Negro Opera Singer Went From Southern Town To The Met

By WILLIAM GLOVER
(For Hal Boyle)

NEW YORK (AP) — "The morning after I got here," velvet-voiced Leontyne Price recalls, "I went up to the top of the Empire State Building —and was nearly tempted to go right back home.

"You could see the massiveness of the city, feel the pace of competition — and know how small you were. It seemed impossible to attain a career."

Stifling that panic, Miss Price stayed and studied — with spectacular results for the world of music.

Since first appearing before the public eight years ago, the soprano who began life amid humble circumstances in Laurel, Miss., has soared to international aclaim. Tomorrow night she reaches another milestone in her debut with the Metropolitan Opera.

Miss Price — whose voice has been likened by one critic to "a skylark under the spell of some sort of benign bewitchment"—premieres in the principal feminine role of "Il Trevatore."

Although two other noted Negro women have preceded her in Met assignments—Marian Anderson and Mattiwilda Dobbs—Miss Price arrives with prima donna status in a variety of assignments.

Her appearance of the Met rounds out an impressive cycle of major opera companies, television and concert and recording fields.

Tall and regal in manner, Miss Price defines her main purpose now as solidifying and extending her talents in musical drama. "I hope for a long operatic career," she says. "It is what I have wanted since first being exposed to opera in school."

MISS PRICE'S major training began in 1948 when a scholarship brought her to the Juilliard School of Music, after B.A. studies at Central State College, Wilberforce, Ohio.

A Laurel banker and his wife, Mr. and Mrs. Alexander Chisholm—in whose home an aunt of Miss Price worked—helped finance her years of study.

WHAT OUR READERS SAY

Brickbats To I-J On Civic Center

EDITOR,
Independent-Journal:

"BRICKBATS FOR THE INDEPENDENT-JOURNAL."

Marin voters should not be too impressed by the poll taken by your paper on the civic center work stoppage. The result of a poll depends on how it is conducted. Take our experience, for example. We assumed, of course, that any expression by an undisputed Marin County registered voter would be acceptable.

The first ballot came out Thursday, Jan. 12 (no restrictions on how to vote). Our household signed three names to a "Yes" vote in favor of temporary work stoppage. Not having more room on the ballot, we prepared more on good bond paper, copying your form. Ten "Yes" signatories were put on Friday morning.

Another ballot appeared in your paper Friday with rules and regulations restricting the voter to one name per ballot and it must be on Independent-Journal newsprint.

Saturday night, the last day, your paper came too late for another ballot to reach the mail.

Net result, one "Yes" vote cast — 10 "Yes" votes for the waste-basket!

True, additional ballots had been printed, so you told us Friday night. This was too late to be of any use to us and no doubt they had already been snapped up by the hard working minority.

Your editorial on Monday, Jan. 16, on this same subject is interesting. You say:

"Never in memory have so many people in Marin been so concerned about a public matter as this."

Do you not recall the three-to-one defeat in the former countywide election on the civic center. Have you forgotten the very proper petition of over 4,000 voters requesting an election on this Frank Lloyd Wright extravaganza, an all important subject, when it was evident the will of the "public" was being bypassed by the majority of the former Board of Supervisors?

Your editorial continues:

"Mrs. Vera Schultz campaigned for reelection as supervisor on the plantform of her leading part in getting the civic center project started. Not enough people cared enough about it to reelect her."

I am sure the vast majority of voters in the county understood this election to mean that the tremendous majority given Supervisor Blair was a resounding defeat for Vera Schultz and her civic center platform. Your editorial continues:

"Supervisor William D. Fusselman had established a reputation for being opposed to the civic center, albeit his expressed opposition was nearly always qualified. But not enough people cared about the civic center to elect his opponent. Fusselman won reelection handily."

Here again, "enough people cared enough about the civic center" to elect him over two opponents by a handsome majority. The only one of three incumbents to be reelected. Remember, he was the only supervisor who did not ignore the will of the taxpayers.

Certainly that election was a repudiation of the old majority in no uncertain terms! Did they heed it? Did they mend their ways? The record speaks for itself.

The primary was a mandate to the present Board to correct the mistake by the former majority and eliminate them for the future.

SACRAMENTO REPORT

Capitol Speculates On Nixon's Role In State

By JAMES C. ANDERSON

SACRAMENTO (UPI) — The role of citizen Richard M. Nixon in California politics in the months and years ahead is a puzzler to both Republicans and Democrats.

Leaders of both parties in the legislature read every word of Nixon's final news conference in Washington before he turned over the mantle of the vice presidency to Lyndon B. Johnson.

As reported by Earl G. Behrens, political editor of the San Francisco Chronicle and a newsman who has known Nixon since he started a meteoric rise in politics, the ex-vice president plans to take over "active leadership" of the GOP in his home state.

WHAT THE legislators, and we suspect, Democratic Gov. Edmund G. Brown, would like to know is will Nixon actively call the shots for the Republican minority in the senate and assembly during the remainder of the legislative session.

Nixon played it cagey in his final news conference last week. In Berhens' words, the vice president will:

"Keep himself free to maneuver politically between now and 1964—and he isn't ruling out the Republican nomination for the Presidency when it comes up."

Behrens added that California's 14 Republican congressmen had urged Nixon to "assume strong party leadership in his home state (California).

"This I intend to do," Nixon was quoted as saying.

Behrens also reported that Nixon had told GOP congressmen before he left Washington that he did not intend to run for governor in California in 1962.

This, undoubtedly, will be heart-warming news to Brown who, from all indications, plans to seek a second term next year. Many Democrats believe Brown could beat Nixon in a head-to-head contest. On the other hand, they concede that Nixon would be a stronger candidate for governor than anyone else in sight at the moment.

IF NIXON TAKES an active part in determining GOP strategy in the legislature between now and adjournment in June, it could have an important bearing on the 1962 gubernatorial race.

With Brown in the corner office and Democrats in command of the Assembly by a 47-33 margin and the state senate by a hefty 30-10, the GOP needs to wage a careful, well-planned campaign of opposition to the administration.

Some Republican legislative leaders are known to favor an all-out campaign of opposition to everything Brown or the Democrats propose. More moderate Republicans are inclined to favor a policy of picking spots to attack the Democrats and go along with them on some issues.

Nixon apparently believes the proper posture for the Republican party is to be middle of the road.

UPI's veteran Washington correspondent William Theis quoted Nixon as saying that the "center position" is the correct one for the GOP. Behrens quoted Nixon as saying he would work to "keep his party's policies from veering to the right or left."

Assuming that Nixon does take active command of the party in California, presumably he will exert influence on the party's strategy in the legislature.

BENNETT CERF

Comment by a school teacher at a recent Ohio conclave: "The procedure for failing a high school student these days has become so complicated that we just don't do it any more. First we must clear with the principal and superintendent. Then we must call the parents and have a series of conferences. If they object, as they usually do, they appear before the Board of Education and we are overruled. So we don't fail a students any more. We just give him a D and pass the problem along to the teacher in the next higher class."

Has word reached you yet about the beatnik lass who got married? Instead of getting a shower, she's taking one. Furthermore, they're serving smorgasbord at the wedding reception. Beatniks have a swede tooth.

When the University of Texas football team played Oklahoma in 1959 (Texas won, 19-12), Wilbur Evan, of the Texas a t h l e t i c department told sports scribe Terry Rice in all sincerity, "We ought to be favored by two points, after all, Texas is starting with eleven Texans. Oklahoma has only nine!"

I-J REPORTER'S NOTEBOOK

By DOROTHY SIMPERS

If You See The Signs, You Know Spring Must Be On The Way

BIGGEST BARGAIN we've seen in a long time: the barrel full of marbles in a Corte Madera drug store, with the sign—"Kids, all you can hold in one hand, one cent." Spring must be on the way, it it's time for shooting aggies and migs.

And speaking of spring, we're all set for it in the Corte Madera I-J office. We have a rose (bedraggled, but a rose nevertheless) and geraniums blooming in our front yard, oranges in the back yard. (And, by the way, have you noticed our new outdoor lights that keep the I-J name lit up at night?) Now, if the weatherman will just cooperate . . .

IT'S THE LITTLE things that brighten one's day. Katy Robson, our Corte Madera classified ad-taker, daily helps fill the I-J columns with ads from Corte Madera, Larkspur, Kentfield and other Marin points.

But this week came an order for an ad from glamorous, far off Monte Carlo. The order came from Corte Maderan Andre Larroque, a self-employed gardener, who has been in France with his wife, Jeanne, since before Christmas, checking on his family's vineyards.

Larroque, who expects to return to Marin next month, was on the Riviera when he decided to send in his ad seeking gardening work. The order came on a postcard with a picture of the beautiful Monacan coast line.

WHAT WILL Larkspur School District's new school in Mariner's Cove be named? We have a hunch that "San Clemente School" will be strongly favored. Suggested by a longtime Corte Madera resident, "San Clemente" is the name of the creek that runs through the development, and, we understand, was the name of the old railroad stop in that area.

Mariner Cove school, of course, might be a logical name, or e v e n Paradise school, since the buildings will be located off Paradise Drive. Bet the youngsters would enjoy boasting that they go to a school that is Paradise.

LARKSPUR CITY council drew its usual "large" crowd last week for a joint session with the planning commission. The meeting started with one man in the audience, and he was later joined by a second man. At that point, councilman Neil Brixon observed, "We've got a 50 per cent increase in attendance."

Councilman Lesly Daveler was explaining that he hoped his list of items to be considered in a planning program would be useful as a guide. "I want to hear from the people," he said. Commented planning commissioner S. W. (Bud) Eason: "The sure showed up tonight."

Marin's s e a g u l l s enjoy themselves late afternoons on the Redwood High School parking lot, feasting on the remains in discarded lunch bags . . . Our peeve of the week—the teen-agers who go to the movies Saturday night and chatter throughout the picture, oblivious of anyone who came to see the picture. . . . Redwood High School's newspaper, The Bark, had a fine editorial on book burning. It pointed out that the books some persons are demanding be removed must remain on the school shelves to protect the right of the individual to read them.

Predecessors Led Up To Live TV For Kennedy Press Conferences

WASHINGTON (AP) — President Kennedy shows a lot of self-confidence in deciding to hold his news conference on live television.

Still, it's natural for him to do this. His predecessors in the White House have been leading up to it step by step. He took the next one.

THESE KENNEDY n e w s conferences, appearing in living rooms all over America while they're happening, close a gap.

They close the separation between citizens and their government by giving them a more immediate sense of understanding and participation.

Watching a Kennedy news conference on TV will be the same as being at it except for the inability to ask questions.

People will not only be able to observe their President but pass private judgment on him, his widom and his policies.

Kennedy, of course, could be creating a trap for himself. If he makes a slip with the whole country watching, it's made.

He could even create a disaster—remote as that seems —by a slip in foreign affairs.

Yet, strangely, over the years American presidents have made extraordinarily few blunders at news conferences.

Anyone who has been in Washington any time knows this. Kennedy has been here steadily since 1947, serving in Congress.

Besides, he has demonstrated he is extremely well able to take care of himself in a fast give and take as in his TV debates with former Vice President Richard Nixon.

BY GOING ON live TV, Kennedy has thrown aside one safeguard against mistakes which other presidents used.

They either insisted upon being quoted indirectly or having their aides check over the question-answer transcript before allowing direct quotes.

There was no televising of President Truman's meetings with the press. President Eisenhower permitted TV cameras to record his conferences.

But before he could be quoted directly or shown on the nation's TV screens, his press secretary, James Hagerty, had the right to change or ban anything he decided should not be reported or shown.

Still, White House newsmen who covered Eisenhower from the beginning do not recall that Hagerty ever in eight years cut anything of importance out of the word-by-word transcript.

If something Eisenhower said might be open to misinterpretation, Hagerty at times put out an explanatory note, along with the transcript, to set the record straight.

Nor did he cut anything of importance out of the TV films which were shown later.

Nevertheless, he could have done so if he wished. There will be no one to backstop Kennedy.

Do you expect too much from your eldest child? Probably. Most of us are guilty.

Let me tell you about "Mrs. Jones."

Five years ago I watched Mrs. Jones feeding her first baby, a little boy. She was so anxious it hurt. She weighed the wee tyke, before and after eating. She found he'd gained less than she expected. So she snapped his tiny feet. When he cried she rammed the nipple into his mouth. She hoped he'd take a few more slurps, but he refused. She burst into tears.

Finally I persuaded her to relax. Poor mama! Poor little boy!

Mrs. Jones has her third baby now, another boy. I watched her feeding him recently. She picked him up and hugged him. Then she held him and gave him the nipple. He nursed contentedly. When he was finished he pulled his head back. Mrs. Jones burped him. Then she gave him a couple of little pats and put him down. He was asleep before he touched the bassinette.

No strain, no pain. Only relaxed enjoyment.

We are too anxious about our eldest ones, clear through their teen years. We expect them to walk too soon, talk too soon, learn to read and write too quickly. We want them to accept orders too readily and behave beyond their years. We can't understand why they're rambunctious at 3, and again at 13 or 14. We're shocked at their friends. We try out our theories with them, and find they don't work.

We're much easier on the younger ones.

No wonder our first born children are nervous. We make them that way.

So? So try to take it easy with your eldest, starting now. He'll benefit, and so will you.

READERS' FORUM

(Q) "Is there anything to the childbirth without pain theory? Or is it just talk?"

Mrs. F. K.

(A) It's much more than talk, although it doesn't work with everyone. It requires much advance preparation, and a doctor who knows what he is doing. Some doctors now are trying to achieve the same results through hypnosis.

Reed District Ponders Use Of Bond Fund

Reed Union School District trustees have decided to sound out public opinion before deciding whether to use up a recent $525,000 bond issue to build a 13-room school at Del Mar Estates.

Two choices are open to the district, trustees said: Use part of the bond issue, plus state aid funds, to build an eight-room school; or use all the bond issue, with no state aid funds, for a school of 13 classrooms plus administrative wing.

The state will not grant aid if Reed District goes beyond the eight-room school.

Trustee Leo Souza reported that to use the bond money entirely would add 24 cents to the tax rate. If state aid is used for the smaller school, there would be no tax increase for bond redemption, he said.

Before the trustees make a final decision a committee of Trustee Chairman Richard J. MacLaury, Souza and Charles Bigelow were appointed to prepare a complete report on all facets of the problem.

The additional five classrooms would be a home economics room, arts and crafts, library and two science classrooms.

Contract Awarded

Watkin and Sibbald, San Anselmo contractors, have been awarded a $44,249 contract by the California Department of Public Works to construct a storage and rest room building, baseball backstops, and outdoor recreation facilities at the California Maritime Academy near Vallejo.

To Help In Parish

Dr. F. I. Drexler of 18 Buena Vista Avenue, Mill Valley, former pastor of the First Baptist Church of Mill Valley, will leave this weekend to be in charge of an Indian parish near Auberry, Fresno County, for one month. Dr. Drexler said the American Baptist Convention has four churches and mission stations among the Indians of that area.

Consumer Aide Hits Out At Sales Abuses

SACRAMENTO (AP) — Some merchants and some salesmen are cheating people, says Mrs. Helen Nelson of Mill Valley, and there ought to be some laws.

Mrs. Nelson is state consumer counsel, an office created by the 1959 Legislature to help housewives fight the rising cost of living.

With the Legislature back in session, Mrs. Nelson said she will recommend these laws:

1. Closing a loophole in the Retail Installment Sales Act which allows unscrupulous merchants to bilk customers. Present laws allow a merchant to escape penalty if he changes an illegal sales contract within 10 days. Some take advantage of this, knowing that if caught they can change the terms.

2. Prohibit stores which offer revolving charge accounts from charging interest on the unpaid balance at the beginning of the previous month. Most stores already compute interest on the balance at the end of the previous month, but some don't.

3. Strengthen the law to eliminate abuses of the "referral sales" racket, which involves selling an article at high price with the promise of future refunds of some of the customer's friends also buy the article.

4. Adoption by the sate of federal laws dealing with the labeling of hazardous substances, such as detergents, paint thinners, rug cleaners or poisons; and requiring pure ingredients in cosmetics manufactured and sold in California.

"As for cosmetics," said Mrs. Nelson, "anyone can cook up a batch of suntan oil in his bathtub and market it." The purchaser has no guarantee it won't cause serious skin rash.

Drunken Drivers Given Fines

Two drunken drivers drew $158 fines and six months probation each in Marin Municipal Court.

Judge Harold J. Haley imposed identical sentences on Elmer Woodrow Wilson Jr., 20, of Sebastopol and Elvin Russell Smith, 30, of 1771 Grant Avenue, Novato.

Wilson was convicted by a jury of drunken driving on Sir Francis Drake Boulevard between San Anselmo and Fairfax last fall.

Smith was arrested driving while intoxicated on Highway 101 in San Rafael last Thursday.

The Tumbleweeds organized last week at the home of the Karl Johanssons in San Anselmo. M. L. (Sparky) Sparks of San Anselmo was selected caller. Serving as officers with Ward are Ken Miller of Fairfax, vice president, and Mrs. Lee Monti of San Rafael, secretary-treasurer.

Those who want to join may call Ward or Mrs. Monti.

Editor Will Speak On Kennedy Policy

Ed Radenzel, foreign news editor of the San Francisco Chronicle, will speak on "Foreign Policy Decisions Facing Kennedy" at a public meeting of Marin Democratic Assembly at 8 o'clock tonight in Room 40 at the College of Marin.

Radenzel, a resident of Mill Valley, is also a member of the staff of KQED, Bay Area educational television station.

Election of officers will also be held.

EDGAR JONES
Joins 'Bach to Mozart'

'Candlelight' Concert Set For Tomorrow

Widely acclaimed Bay Area singers and a Homestead Valley fire commissioner will join the "Bach to Mozart" group for the Homestead Valley Improvement Club's second "Candlelight Concert" at 8:30 p.m. tomorrow in Brown's Hall, Mill Valley.

Baritone Edgar Jones and soprano Carole Bogard will sing leading parts in the program of Bach cantatas

The first concert received much attention in the Bay Area, reported Mrs. Philip Heyman of the inmprovement club.

Friday night's program will consist of three Bach cantatas: No. 82, "Ich Habe Genug"; No. 51, "Jauchzet Gott in allen Landen," and No. 49, "Ich Geh" und Suche mit Verlangen."

A singing actor, Joe is best known for the stylistic purity of his renditions of baroque music, but he has also been chosen by many contemporary composers, such as Milhaud, to present initial performances of their works.

Miss Bogard has sung in many cantatas and operas and with symphonies in the Bay Area and has worked under direction of Milhaud and Leon Kirchner.

Several other artists will also join the group, composed last time of leader Ray Duste, oboe; Everett O'Bannon, violin; Mary James, viola; Helen Stross, cello, and Margaret Fabrizio, harpsichord.

They are Carl Modell, fire commissioner of the Homestead Valley Fire Protection District, string bass; Robert Bloch of the San Francisco Symphony and Berkeley string quartet, second violin, and Edward Haug of the San Francisco Symphony and Bach festival in Carmel, trumpet.
